Inaugural Address

Delivered by the Mayor, Hon. J. A. Vaillancourt

Gentlemen of the City Council:

As Mayor of Berlin my first duty is to thank those who supported me and I want to say to those who supported my opponent that they will receive from me the same attention and the same consideration. It will be my aim to be loyal and just to all. Your endorsement is very gratifying and I shall discharge the trust confided to me without fear or favor.

To the women voters of Berlin I wish to extend my sincere appreciation of their help for I know that through their combined efforts I came out a victor in the great fight at the Polls on March 11th. I think that we all realize that women are more temperate and earnest than men. Their interest is keener in everything that pertains to childhood. It is of vital importance to women that children have better schools, the best sanitary conditions, amusements of a higher class and protection that is best for their mental, moral and physical welfare. Woman's influence is far reaching and effects all conditions of life.

Mr. King, the retiring Mayor, and I may differ in our ideas and opinions of certain things but I feel that we must not overlook the credit that is due him, for where he has built the construction has been of a high standard.

To you, Gentlemen of the City Council, I offer a warm and cordial greeting. I feel satisfied that you will work for the interest of our City. I have confidence in you and in return I want you to trust me. Matters of importance will come before us, and you will be called on to give them consideration. You must decide soberly and in a business like way and your decisions must be without prejudice. It is to be remembered at all times that we represent the City of Berlin, as a whole and not wards and that what we decide to do is for the benefit of the City and for no special section.

It has been the general custom to discuss at every inauguration the financial condition of the City. I am going to make this inauguration an exception for I do not consider that I am in a

position today, to discuss this question in the manner in which it should be handled. I do not want to be unjust in my criticism and it is only after I have authentic knowledge of the true condition of the City's finances can this matter be talked on intelligently.

There are many departments in our City Government and each one needs a good business manager at its head. There will be many demands for new sidewalks, streets, sewers and lighting and as these matters come before the Mayor and City Council we must treat each request in the light of what will be the best interest of the whole city. On this point I will be emphatic for we are to be the Directors of a \$20,000,000. corporation and we are representatives of almost 17,000 stockholders, each one being anxious that the best possible administration be given. If there has been mismanagement in some departments in the past, it is our duty to see that these errors are corrected and remedied.

An unfortunate custom, in Municipal affairs, has grown in Berlin, as well as in other places, of spending more money than is appropriated for the different departments. This is called an overdraft. In my estimation it is nothing less than a deficit. No corporation, institution or individual can expect to be successful if at the end of the fiscal year it is found that instead of having a surplus, a deficit is shown. Failure is the only result and it is only a question of time when business will have to be suspended. This applies also to Municipal Corporations and it is for this reason that I will not tolerate an overdraft.

We are in need of more space for school purposes but it is impossible to build at the present time. Arrangements will have to be made to take care of the pupils. This will be left to the Board of Education and they will provide for this emergency until such a time as we are in a position to build a new Junior High School. Taxes are higher in Berlin than in any other City in New Hampshire. It will be necessary to adopt a policy of retrenchment. However, I recommend that some improvements be made consistent with our financial condition.

Another important question is whether or not the City of Berlin will buy out the Water Company. I understand that a survey of the Water Company's property has been made by competent engineers and their report is in the hands of the City Clerk. Throughout the Country, there is an active and growing movement to insist on Municipal ownership and control of all water works. The citizens of Berlin have twice manifested their

desire in this matter and the only feasible and fair way to both parties is by condemnation and appraisement proceedings. This is the only fair way to acquire the Water Company's interest. When a Municipality owns its own water supply the water rate charges are a payment for same. It is not considered a tax for the water rates are sufficient to pay overhead charges and create a sinking fund out of the income. This is a subject that will have to receive most careful attention. Water works owned by Municipalities are in general better plants than when owned by private interests and if we have better water supply and more efficient fire protection the insurance rates will be lowered and in this way every citizen will be benefitted. We will also be obliged to deliberate on the other side of this matter for it is a huge proposition. There are the water rights, easements, properties and whether the source of our water supply is sufficient, we must of necessity go slowly and carefully and not overlook the many problems that this undertaking will bring before us. In looking up the recommendations of the different departments, I notice that in some of them a very large increase of salaries is demanded. In my opinion this is not the proper time to ask for these increases. If other employers of labor were increasing the wages or salaries of their employees I would give this favorable consideration but as it is not done, I will have to ask my Committee to investigate the matter very thoroughly.

I have been elected Mayor of Berlin, unpledged to anyone. I have made no promises, consequently I am free. I know that I will be criticised but I ask that your criticism be of a constructive nature, fair and not partisan. I want the support of every citizen so that we may co-operate and work for the same object, namely, that our city will be a better place to live in and that we all may feel a just civic pride in its growth and development, which will be on a sound basis of business principles. The Mayor and City Council cannot do all, we solicit your help. The results will show if you have given it.

J. A. VAILLANCOURT,
Mayor.

Ordinances

In the Year of our Lord one thousand nine hundred and twenty-four.

AN ORDINANCE covering traffic regulations on the principal streets of the City of Berlin.

Be it ordained by the City Council of the City of Berlin as follows:

ARTICLE 1

Definitions

Section 1. The word "vehicle" herein shall include horses hitched to vehicles, horses ridden or led, motor vehicles of all kinds, bicycles, and everything on wheels or runners excepting street cars and light carriages for the conveyance of children.

Sect. 2. The word "driver" herein shall include the rider, driver or leader of a horse, the rider of wheels and the operator of a motor vehicle.

Sect. 3. The word "curb" herein shall mean the lateral boundaries of that portion of a street designated for use of vehicles whether marked by curb-stone or not so marked.

Sect. 4. The words "intersecting way" herein shall mean any way which joins another at an angle whether or not it crosses the other.

ARTICLE 2

Vehicles in Motion

Section 1. A vehicle, except when passing a vehicle ahead, shall keep to the right as near the right curb as possible.

Sect. 2. Vehicles meeting shall pass each other to the right.

Sect. 3. A vehicle overtaking another vehicle shall, in passing, keep to the left, but it shall not leave the line on the right unless there is a clear way to advance on the left.

Sect. 4. A vehicle turning to the right into another street shall turn the corner as near to the curb as possible.

Sect. 5. A vehicle turning to the left into another street shall pass to the right of and beyond the center of the intersection of the street before turning.

Sect. 6. A vehicle crossing from one side of the street to the other shall do so turning to the left so as to head in the same direction as the traffic on that side of the street.

Sect. 7. Slow moving vehicles shall keep as close as possible to the curb on the right so as to allow faster moving vehicles free passage on the left.

Sect. 8. No driver of a vehicle shall allow the same to come within ten feet of any vehicle in front of him when approaching and passing over a crossing.

Sect. 9. The driver of any vehicle, before turning the corner of any street or turning out or starting from or stopping at the curb line of any street, shall first see that there is sufficient space free from other vehicles so that such turn, stop or start may be made safely, and shall then give a plainly visible or audible signal.

Sect. 10. (Extract from Motor Vehicle Law, Section 13, Chapter 119, Laws of 1921.)

"If any person shall operate a motor vehicle on any way at a rate of speed greater than is reasonable and proper, having regard to traffic and the use of the way, and the safety of the public, he shall be punished as provided in Section 15 of the Motor Vehicle Laws."

"It shall be conclusive evidence of a rate of speed greater than is reasonable and proper as aforesaid if a motor vehicle is operated on any way inside the thickly settled or business part of a city or town at a rate of speed exceeding fifteen miles per hour for a distance of one-eighth of a mile, or if a motor vehicle is operated on any way upon approaching an intersecting way, or in traversing a crossing or intersection of ways, or in going round a corner or curve in a street or way where the operator's view of the road traffic is obstructed, at a rate of speed exceeding ten miles per hour; provided that the provisions of this section relating to speed shall not apply to motor vehicles of a fire department, motor police patrols, or motor ambulance, when in the emergency service of their respective departments."

Sect. 11. Every bicycle operated during the period from one-half hour after sunset to one-half hour before sunrise shall display one lighted lamp on front.

ARTICLE 3

Signals, Noises, Smoke and Traffic Signs

Section 1. Every driver of a vehicle shall, in slowing up, stopping, or backing, give a plainly visible or audible signal to show his intention.

Sect. 2. In turning while in motion or in starting to turn from a standstill, a signal shall be given by the driver of the vehicle about to be turned by raising a whip or hand indicating the direction in which the turn is to be made.

Sect. 3. (Extract from Motor Vehicle Law, Section 11, Chapter 119, Laws of 1921.)

“Upon approaching any intersecting way or a curve or corner in a way every person operating a motor vehicle shall slow down and give timely signal with his bell, horn or other device for signalling; provided, that in the thickly settled parts of a city or town no bell, horn or other device for signalling shall be sounded so as to make an unreasonable noise, except in case of fire and police department vehicles; and provided further that no operator or chauffeur of any motor vehicle shall on any way permit any unreasonable amount of smoke to escape from said motor vehicle, nor shall any operator or chauffeur on any way permit said motor vehicle to make unnecessary noise, by cutting out the muffler, or otherwise.”

Sect. 4. The police department shall control all traffic in the streets or highways. Police officers may divert vehicular or pedestrian traffic when necessary to avoid congestion or to promote safety and convenience; and no person having charge of a vehicle shall refuse or neglect to stop or start or place the same as directed by a police officer.

Sect. 5. No person shall break, deface or remove any official sign, post or signalling device placed in a highway for direction of traffic.

ARTICLE 4

Stopping, Starting and Turning

Section 1. No vehicle shall stop so as to interfere with or prevent the passage of pedestrians at crossings.

Sect. 2. No truck, automobile, team or other vehicle shall stop more than thirty minutes at a time between the hours of 6 a. m. and 11 p. m., or more than one hour at a time between the hours of 11 p. m. and 6 a. m. on Main Street between a point opposite Ste. Anne's Church and the railway crossing on Glen Avenue; on Mason Street between Oak Street and the easterly end of the easterly bridge across the Andrescoggin River except the northerly side of Mason Street between Pleasant and Main Streets, and in this space not nearer than fifty feet by the shortest distance to Main Street or Pleasant Street; on Green Street between Pleasant Street and the Underpass of the Grand Trunk Railway; on Pleasant Street between Exchange and High Streets,

but this regulation shall not apply to the westerly side of Pleasant Street between Mason and Mechanic Streets; within the limits of Post Office Square, which for the purpose of this regulation is bounded and defined as follows:—Bounded northerly by the southerly end of the vacant lot owned by the City with a line extended across the intersection of Green Street; thence turning nearer at a right angle and extending southerly to the curb in front of the Berlin House; thence easterly past the Steinfield Block to the curb in front of the International Paper Company's house; thence northerly following the line of said curb to a point opposite the southerly end of said vacant lot; on Exchange Street between Post Office Square and the Grand Trunk Railway crossing, also the grounds around the Grand Trunk Railway Station, but this shall not include vehicles licensed to carry passengers and others who have business at the station who are delayed on account of lateness of trains. No vehicle shall stop on Green Street between the northerly boundary of Post Office Square and the intersection of Pleasant Street longer than is reasonably necessary to take on and let off passengers. No automobile, truck, team or any other vehicle shall pass from Pleasant Street to Main Street by Mechanic Street, but Mechanic Street shall be used for traffic from Main Street to Pleasant Street, it being the intention of this provision to make this part of Mechanic Street a "one-way street," so-called.

Sect. 3. No vehicle shall stand within the intersection of any street, nor within fifteen feet of a fire hydrant or within fifty feet of a street curb corner, nor within twelve feet of a city stand pipe.

Sect. 4. No vehicle shall stop or stand within fifty feet either side of the center point of the front wall of a fire station, theatre or moving picture house, except to let off or take on passengers or to receive or deliver goods or merchandise.

Sect. 5. Except as provided in Section 7, unless in an emergency or to allow another vehicle to cross its path, no vehicle shall stop in any public street except close to the curb line.

Sect. 6. When a horse drawn vehicle is backed up to the curb, the horse or horses shall be turned so as to stand as near parallel with the sidewalk as possible and headed in the general direction of traffic for the side of the street on which the vehicle is standing.

Sect. 7. In approaching or passing a street railway car which has been stopped to take on or let off passengers the driver of

every vehicle shall bring said vehicle to a full stop.

Sect. 8. No vehicle incapable of being turned without backing shall be turned in any of the following streets between the following points:—Main Street between a point opposite Ste. Anne's Church and Post Office Square; Green Street between the northerly boundary of Post Office Square and the Underpass of the Grand Trunk Railway; Pleasant Street between Exchange Street and a point opposite Ste. Anne's Church; Mason Street between Oak Street and the easterly end of the easterly bridge across the Androscoggin River.

Sect. 9. No horse or vehicle shall be driven, backed or allowed to stand on any sidewalk.

ARTICLE 5

Right of Way

Section 1. Police, fire department, United States mail vehicles, ambulances, funeral processions and emergency repair vehicles of public service corporations shall have the right of way in any street and through any procession.

Sect. 2. A person driving or controlling a vehicle waiting at the curb shall promptly give place to a vehicle about to take on or let off passengers.

Sect. 3. Subject to Section 1 of this article, street cars shall have the right of way between cross streets over all other vehicles; and the driver of any vehicle proceeding on the track in front of a street car shall immediately turn out on a signal by the motor-man or conductor of the car.

Sect. 4. The driver of a vehicle, on approach of fire apparatus, shall immediately draw up said vehicle as near as practicable to the right-hand curb and parallel thereto, and bring it to a stand-still.

Sect. 5. The driver of a street car shall stop between intersecting streets and keep it stationary upon the approach of fire apparatus.

Sect. 6. No vehicle or street car shall so occupy any street as to interfere with or interrupt the passage of other vehicles or street cars.

ARTICLE 6

Care in Driving, Condition and Treatment of Horses

Section 1. No person shall drive or conduct any vehicle in such condition or so loaded as to be likely to cause delay in traffic, or accident or injury to man, beast or property.

Sect. 2. No person shall carry or cause to be carried on any public street a load the weight of which exceeds six tons, unless

such load consists of an article which cannot be divided, and then only in accordance with a permit from the Superintendent of Public Works.

Sect. 3. No person shall drive a horse not in every respect fit for use and capable for the work on which it is employed and free from lameness and sores and vices or disease likely to cause delay in traffic or accident or injury to persons or property.

Sect. 4. No person shall ill-treat, overload, overdrive or cruelly or unnecessarily beat any horse.

Sect. 5. Any police officer, in his discretion, may remove any horse or vehicle left upon any street not in apparent charge of a driver or other person, or which is in violation of any of these regulations, to another place on said street, or from street to another street, or to a garage or stable, and there leave the same.

ARTICLE 7

Street Cars

Section 1. No street car shall stand in the intersection of streets.

Sect. 2. Street cars shall not pass the intersection of High Street, Mechanic Street, and Post Office Square without audible warning, and shall be under control so that they can be brought to a full stop in an emergency before reaching the center line of the intersection of said streets. All street cars approaching the intersection of Mason Street shall come to a full stop before reaching the nearest line of intersection of said street.

ARTICLE 8

Penalties for Violation

Section 1. Violations of the foregoing regulations shall be punished by a fine not exceeding TEN dollars (\$10.00).

Sect. 2. Complaints against any person violating any of the provisions herein contained may be made at Police Headquarters or to any police officer.

Sect. 3. This ordinance shall be effective upon its passage.

Sect. 4. All acts and parts of acts inconsistent with this act are hereby repealed.

Passed April 22, 1924.

Approved,

J. A. VAILLANCOURT,

Mayor.

Attest:

H. M. MOFFETT,

City Clerk.

Orders

In the year of our Lord one thousand nine hundred and twenty-four.

An order to Twin State Gas & Electric Co.

Ordered, by a vote of the City Council taken Oct. 28th, 1924, that the following lights be placed:

80 C. P. corner of 9th and Norway Streets.

100 C. P. at the corner of Willow and State Streets.

100 C. P. on the same pole with the fire alarm box on Western Ave.

100 C. P. at the corner of Willard and Pine Streets.

HENRY M. MOFFETT,

City Clerk.

PETER DEROSIER,

Chairman Committee on Electric Lights.

In the year of our Lord one thousand nine hundred and twenty-four.

An order to Twin State Gas & Electric Co.

Ordered, by a vote of the City Council taken May 6th, 1924, that four lights be placed on the old shoe shop lot according to estimate.

HENRY M. MOFFETT,

City Clerk.

PETER DEROSIER,

Chairman Committee on Electric Lights.

In the year of our Lord one thousand nine hundred and twenty-four.

An order to Forrest E. Ward, Supt. of Public Works.

Ordered, by a vote of the City Council taken Oct. 14, 1924, that the work on Shepard Street be done as far as the appropriation for Ward One will permit.

HENRY M. MOFFETT,

City Clerk.

JOHN A. HORTON,

Chairman Committee on Public Works.

In the year of our Lord one thousand nine hundred and twenty-four.

An order to Forrest E. Ward, Supt. of Public Works.

Ordered, by a vote of the City Council taken Sept. 16, 1924, that the following work be done:

105 yds. of concrete sidewalk be placed in front of Motor Mart Co.'s garage on Main Street at Berlin Mills at an approximate cost of \$300.00.

That a sewer be laid on Carroll Street at a cost of about \$300.00.

HENRY M. MOFFETT,

City Clerk.

JOHN A. HORTON,

Chairman Committee on Public Works.

In the year of our Lord one thousand nine hundred and twenty-four.

An order to Twin State Gas & Electric Co.

Ordered, by a vote of the City Council taken March 12, 1924, that an 80 C. P. light be placed on the corner of Sixth and Norway Sts.

HENRY M. MOFFETT,

City Clerk.

PETER DEROSIER,

Chairman Committee on Electric Lights.

In the year of our Lord one thousand nine hundred and twenty-four.

An order to Twin State Gas & Electric Co.

Ordered, by a vote of the City Council taken March 4, 1924, that the following 80 C. P. lights be placed:

One on Grafton Street between Holland and Gendron Streets.

One on corner of Portland St. and Hillside Ave.

One on corner of Grafton and Sullivan Sts.

One in the middle of Cedar St.

One in front of Mr. Keenan's lot on Spring St. where the sidewalk ends.

HENRY M. MOFFETT,

City Clerk.

PETER DEROSIER,

Chairman Committee on Electric Lights.

In the year of our Lord one thousand nine hundred and twenty-four.

An order to Berlin Water Co.

Ordered, by a vote of the City Council taken June 24th, 1924, that the following hydrants be placed:

One on Derrah Street.

One on Western Ave. near Mr. Cote's house on easterly side of street.

One on Third Ave., easterly side.

One on Jolbert Street, northerly side.

Two on High Street, northerly side.

Two on Denmark Street, easterly side.

One on hill near the water tank.

HENRY M. MOFFETT,

City Clerk.

CHAS. PINETTE,

Chairman Committee on Fire Department.

In the year of our Lord one thousand nine hundred and twenty-four.

An order to A. H. Sloane, Fire Chief.

Ordered, by a vote of the City Council taken June 24th, 1924, that a fire alarm box be placed on Western Ave.

HENRY M. MOFFETT,

City Clerk.

CHAS. PINETTE,

Chairman Committee on Fire Department.

In the year of our Lord one thousand nine hundred and twenty-four.

An order to Berlin Water Co.

Ordered, by a vote of the City Council taken Aug. 5, 1924, that a hydrant be placed on Denmark Street.

HENRY M. MOFFETT,

City Clerk.

CHAS. PINETTE,

Chairman Committee on Fire Department.

In the year of our Lord one thousand nine hundred and twenty-four.

An order to Twin State Gas & Electric Co.

Ordered, by a vote of the City Council taken July 15, 1924, that the following lights be placed:

80 C. P. at the corner of Hutchins and Sulley Streets.

80 C. P. on Willard Street Ext., near the residence of Ernest Phair and Eugene Dion.

HENRY M. MOFFETT,

City Clerk.

PETER DEROSIER,

Chairman Committee on Electric Lights.

In the Year of Our Lord One Thousand Nine Hundred and Twenty-four.

A RESOLUTION to raise money in anticipation of taxes.

Resolved by the City Council of the City of Berlin as follows:

That a sum not exceeding three hundred thousand dollars be raised by a loan or loans for the purpose of paying the current expenses of the various departments of the City in anticipation of taxes for the Municipal year A. D. 1924, to be paid from the taxes of said year; and that the City Treasurer be and he is hereby authorized to give the note or notes of said City not exceeding in the aggregate said amount.

Passed Feb. 19, 1924.

Approved,

E. J. KING,

Mayor.

Attest:

H. M. MOFFETT,

City Clerk.

Resolutions

In the Year of Our Lord One Thousand Nine Hundred and Twenty-four.

A RESOLUTION authorizing the issue of serial bonds in the amount of \$75,000.00.

Resolved by the City Council of the City of Berlin, as follows:

That there be appropriated for the purposes hereinafter specified, the following amounts respectively:

FIRST, for the construction of sewers on Hillside Avenue to Ramsey Hill in Ward Three, on Deven's and Derrah and other streets in Forbush Park in Ward Four, and on Western Avenue, First Avenue, Third Avenue and Jolbert Street in Ward One, and other streets. (\$25,000.00.)

SECOND, for the construction of concrete or other permanent pavement on the main highway leading from Berlin to Milan from a point where the concrete paving ends to the Milan line; also for the construction of concrete or other permanent pavement on Second Avenue, Third Avenue; Holt Avenue; State Street, Pine Street, High Street, First Street, Denmark Street, Coos Street, and other streets in the city. (\$45,000.00.)

THIRD, for acquiring land on Main Street and other streets of the business section for sidewalk purposes and for widening Pleasant Street at the corner of Pleasant and Mason Streets, abutting the property now owned by A. Halle & Sons. (\$5,000.00.)

And for the purpose of raising said sums aggregating seventy-five thousand dollars (\$75,000.00), the City Treasurer be, and he is hereby authorized to borrow said sum, and for that purpose prepare, issue and sell bonds of the City in the amount of seventy-five thousand dollars (\$75,000.00) under authority of and in compliance with the Municipal Bond Act of 1895 and acts in amendment thereof, and in addition thereto.

Said bonds shall be dated July 1, 1924, shall be in coupon form, maturing five thousand dollars (\$5,000.00) on the first day of July each year, 1925 to 1939 inclusive, shall be in denomination of one thousand dollars (\$1,000.00) payable as to both principal and interest at the Old Colony Trust Company in Boston,

Massachusetts, shall bear the seal of the city, be signed by the Mayor and countersigned by the City Treasurer, shall bear interest at a rate not exceeding four and one-half ($4\frac{1}{2}$) per cent per annum, payable semi-annually, and none of said bonds shall be obligatory unless the certificate of said Old Colony Trust Company be signed thereon. The coupons annexed to said bonds shall bear the facsimile signature of the Treasurer. Further particulars as to the form, issuance and sale of said bonds within legal requirements shall be determined by the City Treasurer, subject to the approval of the Finance Committee. The proceeds of said bonds in the amount specified shall be applied solely for the purposes specified above except that any premium received upon said bonds less the cost of preparing, issuing and marketing them shall be applied to the principal of the first bonds to mature.

For the purpose of providing payment of the principal and interest of said bonds, there shall be raised by taxation each year an amount sufficient to pay said principal and interest accruing each year until said bonds are paid in full.

Passed July 1, 1924.

Approved,

J. A. VAILLANCOURT,

Mayor.

Department Reports

Fire Department

Berlin, N. H., January 1st, 1925.

To His Honor, the Mayor, and City Council of the City of Berlin, N. H.

Gentlemen:—I have the honor of submitting herewith the annual report of the Fire Department of the City of Berlin for the year ending December 31, 1924.

During the year 1924 there were 94 still alarms, 18 bell calls and 5 false alarms. Also 1 out of town call to Beecher Falls, Vt. In addition to this, I inspected 910 buildings and yards and have had inspectors inspect approximately 600 more buildings. Clean-ups and repairs were ordered where necessary.

During the year 1,000 feet of multiple jacket hose was purchased. I would recommend that the same amount be bought each year to take care of the hose which has to be discarded.

Fire Prevention Week was observed the week of October 11th and proved very successful. I think this should be made an annual practice as it is very beneficial to the Department and to the city in general.

A 750 Triple Combination Pumper has also been ordered by the City for this Department and the installation of this piece of apparatus will make a great addition to our Department.

The insurance paid this year on buildings damaged by fire was \$32,757.10, and insurance on contents of buildings \$8,657.57, making a total for the year of \$41,414.67, which we feel is very small and satisfactory for a city the size of Berlin.

A statement in detail of all fires and alarms for which damage was claimed is attached with the names of the owners, occupants, etc.

Alarms

Date of fire Jan. 1. 2-story frame building. Occupied same and others. Owned by Marcou. Occupied by same and others. Value of building \$5,500. Insurance on building \$3,000.

Date of fire Jan. 10. 2½-story frame building. Occupied as tenement. Owned by Tony Trorsser. Occupied by same and others. Value of building \$6,000. Damage to building \$30. Insurance on building \$2,800. Insurance paid on building \$30.

Date of fire Jan. 14. 2½-story frame building. Occupied as tenement. Owned by J. Pontaine. Occupied by same and others. Value of building \$5,000. Insurance on building \$3,000.

Date of fire Jan. 19. 2½-story frame building. Occupied as tenement. Owned by Joe Roy. Occupied by same and others. Value of building \$10,000. Insurance on building \$5,000.

Date of fire Jan. 21. 2½-story frame building. Occupied as tenement. Owned by Albert Lezoue. Occupied by same and others. Value of building \$5,500. Insurance on building \$1,000.

Date of fire Jan. 22. 2½-story frame building. Occupied as tenement. Owned by Joe Dubois. Occupied by same and others. Value of building \$9,000. Insurance on building \$6,000.

Date of fire Jan. 24. 2-story frame building. Occupied as tenement. Owned by Nathan Abramson. Occupied by various parties. Value of building \$50,000. Damage to building \$873.21. Insurance on building \$30,000. Insurance paid on building \$873.21.

Date of fire Jan. 24. 2-story frame building. Occupied as barber shop. Owned by Nathan Abramson. Occupied by Guay & Boutin. Value of contents \$2,000. Damage to contents \$85. Insurance upon \$800. Insurance paid \$85.

Date of fire Jan. 24. 2-story frame building. Occupied as shoe repair shop. Owned by Nathan Abramson. Occupied by Boutin. Value of contents \$3,000. Damage to contents \$620. Insurance upon \$1,500. Insurance paid \$620.

The total amount expended for repairs and additions was
\$5,875.

I have also issued a permit to the Motor Mart Co. to build a one-story brick building to be used for a garage on Main Street.

To G. F. Lovet 1-story brick bungalow on Prospect Street.

To C. N. Hodgdon Co. to build a one-story concrete building on Gilbert Street.

To J. A. Moffett to build a one-story concrete building on Church Street.

To Geo. LeClerc to build a one-story concrete building on Pine Street.

The total cost of all new buildings and additions and repairs in the City of Berlin for the year ending January 31, 1925, was \$85,065.

I wish to thank the Mayor and Council and the members of the City Government for the aid and courtesies extended to me during the year of my official duties.

Respectfully submitted,

ALFRED LAUZIÈRE,

Building Inspector.

Assessors' Report

Berlin, N. H., Jan. 31, 1925.

To His Honor, the Mayor, and City Council of the City of Berlin.

Gentlemen:—We submit herewith our report for the year ending January 31st, 1925, for the twenty-eighth annual report of the City of Berlin. The inventory of all taxable property shows an increase of \$420,126.00.

The following is our valuation for the year 1924:

Lands and buildings.....	\$ 9,217,717.00
Horses	42,360.00
Cows	13,885.00
Sheep	74.00
Hogs	115.00
Vehicles	8,000.00
Stock in trade.....	3,144,857.00
Mills and machinery.....	8,160,800.00
Pumps and oil tanks.....	7,230.00
	—————6—
Total.....	\$20,595,038.00

We believe that the time has arrived for the city to make a sufficient appropriation for a clerk in the Assessors' office.

We recommend that one of the members of the board be paid a sufficient salary to enable him to devote his entire time to the work of this department.

We wish to express our appreciation for the courtesy and assistance given us during the year by His Honor, the Mayor, and other members of the City Government.

Respectfully submitted,

WALDO BABSON,
ALFRED LAUZIÈRE,
JOHN B. NOYES,
Assessors.

BOARD OF HEALTH

H. E. WILKINSON, M. D., Chairman.

Term expires April 1, 1925. 167 Washington St. Telephone 430-W.

MRS. JULES SIROIS, Secretary.

Term expires April 1, 1927. Madison Ave.

O. J. CAMPAGNA.

Term expires April 1, 1926. Sullivan St.

H. F. LEEDS, Health Officer.

Appointed annually by the Board of Health, with the approval of the City Council.

PUBLIC HEALTH COMMITTEE

JOHN HORTON, Norway St.

JULES STAHL, Emery St.

P. J. HINCHEY, First Ave.

Office and Laboratory of the Department in the City Hall.
Tel. 272-W. Board of Health Office, City Hall. Open from 9:00 a. m. to 12:00 m., 1:30 to 5:00 p. m. daily except Saturday. Saturday 9:00 to 12:00 m.

Board of Health

Berlin, N. H., January 1, 1925.

To His Honor the Mayor, and the City Council, Berlin, N. H.

Gentlemen:

It is with pleasure that we submit the fourteenth annual report of this department.

It was with regret that we were forced to accept the resignation of Mr. Richard H. Coombs, our former health officer, last spring. We were without a health officer from the first of May until the first of July when we secured the services of Mr. H. F. Leeds of New Jersey.

It is gratifying to note the increased interest that has been taken by the governing body and the splendid co-operation they are offering.

We have outlined a program for the coming year that will cover the most important problems that are confronting us, and we sincerely hope that the citizens of Berlin will co-operate with us and help us make Berlin the "Healthiest City in the North Country."

Respectfully submitted,

H. E. WILKINSON, M.D.,
Chairman.

MRS. J. F. SIROIS,
Secretary.

O. J. CAMPAGNA.

Report of Health Officer

Berlin, N. H., January 1, 1925.

To the Board of Health, City of Berlin, New Hampshire.

It is my privilege to submit herewith the fourteenth annual report of the Department of Health.

Since July first the activities of this department have been confined to surveying the sanitary conditions and problems of this city and the framing of a program which, when carried out this coming year, will to a certain extent, effectually overcome the outstanding sanitary problems of this community.

I regret very much to report that due to the lack of accurate records and reports of communicable disease, departmental work, etc., covering the first six months of the year that it is impossible to make an accurate detailed report of the past year.

The following is the program referred to above:

Program of the Activities of the Department of Health for the Year of 1925-26

1. To carry on such routine work as:

I. Communicable disease control

- (a) Investigation of sources of infection
- (b) Searches for carriers and missed cases
- (c) Isolation and Quarantine procedure
 - (1) Establishment
 - (2) Supervision
 - (3) Release
 - (4) Terminal disinfection when necessary
- (d) Exclusions and Re-admissions to school
- (e) Laboratory diagnosis of
 - (1) Diphtheria
 - (2) Gonorrhea
 - (3) Tuberculosis
 - (4) Typhoid fever
 - (5) Paratyphoid fever
 - (6) and other diseases not requiring elaborate apparatus or technique.

II. Office Administration

- (a) Correspondence
- (b) Reports
- (c) Records
- (d) Interviews

III. Collection and Interpretation of the Vital Statistics

- (a) Births
- (b) Still-born
- (c) Deaths

IV. Investigation and Suppression of Sanitary Nuisances.

- 2. To collect and analyze samples of milk and cream from producers and dealers who sell milk or cream for consumption in this city, at least once in each month. Bacteriological examinations of milk and cream shall be left to the discretion of the Health Officer as to the number and time of samples to be collected.
- 3. To examine into the purity of the public water supply at least once in each week.
- 4. To inspect and score all dairy farms producing milk or cream for consumption in Berlin at least twice in the year. The first tour of inspection to take place as early in the spring as possible and the second late in the fall.
- 5. To inspect all Grocery stores, Meat markets, and Fish stores at least four times in the year and to enforce all laws and regulations pertaining to the maintenance of such establishments.
- 6. To inspect all bakeries, confectioneries, and soda-fountains at least four times in the year and to enforce all laws and regulations applying to these places.
- 7. To inspect the kitchens of all Hotels, Restaurants, and Lunch-rooms and to enforce all statutes and regulations pertaining to these places. There shall be at least six inspections in the year.
- 8. To inspect all Barber shops and Beauty parlors at least four times in the year and to enforce all laws and regulations pertaining to these places.
- 9. To cause an exhibit to be placed in the Civic Week exhibition and to heartily co-operate with this movement, and endeavor to secure the U. S. P. H. Surgeon of this district, Dr. Duncan and Miss Elena Crough as our speakers on the evening of Health Day of Civic Week.

10. To purchase and deliver free of cost to all children born in Berlin or of parents whose residence is Berlin, a certificate and record of birth. The object of this is to facilitate the more accurate reporting of births and to give our Infant Hygiene Nurse a legitimate excuse to make her initial visit to the new baby.
11. To issue to the local physicians a paper on the technique of the Schick test and the Diphtheria toxin-antitoxin injections, with the object that they will after understanding this procedure will recommend and possibly apply this test in their private practice, thereby assisting in the abolition of diphtheria.
12. To frame several regulations on departmental practice and issue them to the local physicians. These regulations will deal entirely with the minimum periods of isolation and incubation and the methods of control of the various communicable diseases.
13. To issue to the Mayor, Members of the City Council and to other interested persons an informal monthly report. This report shall include in brief the activities of this department, the number of cases of communicable disease existing in the city at the time of the report and short articles on personal hygiene or an article of health educational value. This report to be a mimeograph copy.
14. To purchase and distribute at cost to the local physicians the necessary biologicals to treat or immunize against the following diseases: Typhoid fever, Paratyphoid fever, Diphtheria, Tetanus, and to arrange for the immediate shipment of the Pasteur Anti-Rabic course of treatment.
15. To place several Health Exhibits in the store windows of the stores on Main St. who will allow us that privilege.
16. To heartily co-operate with the Berlin Infant Welfare and Child Hygiene Ass'n.
17. To continue the work of Smallpox vaccination of the school children and to have at the disposal of the local physicians the smallpox vaccine virus.
18. To institute a system of records to facilitate communicable disease control and office administration by purchasing the necessary forms and filing unit. At the present there is no system of any kind being used in this department.

19. To institute a system of accounting of the expenditures of this department, in which each division of this department shall be kept separate, whereby less chance of an overdraft will occur and which will facilitate the estimation of future appropriations.
20. To frame several ordinances of the following subjects:
 - (a) To prohibit the keeping of cows in the compact section of the city. (The intention of this ordinance is to improve and safeguard the city's milk supply, to eliminate the unfair competition between these one and two cow farmers and the legitimate dairymen and to abolish the nuisance caused by these cows in the city.)
 - (b) To define and regulate the pasteurization of milk.
 - (c) To regulate the construction of horse stables and manure-pits.
21. To borrow from the State Board of Health several moving picture-films on health subjects and to have them exhibited at the local theatres.
22. To run a series of health articles in the industrial papers of the Brown, International and Burgess companies, one article each month.
23. To have a Clean-Up Week in the spring of the year and to actively co-operate with the Fire Department during Fire-Prevention Week.
24. To actively co-operate with the N. H. Tuberculosis Ass'n. in their work and with their Xmas Seal Sale.
25. To supply the school nurse with health talks at the rate of one each week. These talks will be given by the nurse to the teachers who will in turn interpret the message to her pupils.
26. To institute a system of recording the deaths and still-births in our office which will be more accurate than the present system.
27. To cause the Health Officer to attend for at least one week the State Board of Health Institute at Durham, N. H., in the month of July.
28. To cause the Health Officer to attend the Convention of the American Public Health Ass'n. to be held at St. Louis, Mo., in the month of October.

29. To offer to the children of Berlin the opportunity to become Schick tested in order to determine their degree of susceptibility and to those who are susceptible, injections of diphtheria toxin-antitoxin to immunize them. This is to be done free of cost.
30. To engage the services of a Public Health Nurse to engage primarily in pre-natal work and to assist in the other branches of public health work.

Population

According to the United States Census of Berlin in 1910 the population was 11,780, and the Census of 1920 place the population at 16,104.

An estimate of the population of the city of Berlin on July 1st, 1924, made in accordance to the method used by the United States Bureau of Census placed the population at 17,832.

Deaths

There were 161 residents of Berlin who died last year and 21-non-residents. These figures do not include the babies that were born dead (still-born).

Below is a table showing the crude and adjusted death rates from 1920 to 1924 exclusive of still-births, based on 1,000 population:

Year	Number of	Crude Death Adjusted	
	Deaths	Rate	Death Rate
1920.....	184	11.4	
1921.....	181	10.8	
1922.....	156	9.2	
1923.....	167	9.6	9.1
1924.....	161	10.2	9.02

The number of still-births in the past year was 30 which based on the number of children born alive gives us the rate of 52.1 per 1,000 births.

The table below showing the Classification of all Deaths (excepting Still-Births) as to Cause, Age and Residence which occurred in the City of Berlin during the past year.

Classification of All Deaths (Excepting Still-Births) as to Cause, Age, and Residence

Division of Infant Welfare and Child Hygiene

January 1, 1925.

Mr. H. F. Leeds, Health Officer,
Department of Health,
Berlin, N. H.

Dear Mr. Leeds:—

It is my pleasure to submit the third annual report of the Infant Welfare and Child Hygiene work being done in this city.

There are three stations in this city at which the clinics are held, one in the laboratory of the Health Department being known as the City Hall clinic which cares for the babies in the central portion of the city. The second station is located at the Brown kindergarten, Main Street and Fifth Street and is known as the Berlin Mills clinic and cares for the children of that district. The third station is located in the Girls Club on north end of Burgess Street and is known as the East Side clinic and that cares for the infants of that district.

There is one clinic each week at each of these stations, at which a physician is in attendance, babies are undressed, examined, weighed, and the mother advised along the lines of baby hygiene, diet, etc. We try to impress the mother with the fact that these examinations are to keep her baby well, and our ideal is to have each baby examined once a month at the clinic or by the family physician. Sick babies are not invited to the clinic. The nurse refers the mother to her physician. In the case of very poor people, that do not have a physician, county or city medical service is available.

One of the greatest problems is the low rate of breast-feeding. The advantages of breast-feeding are always stressed and the mother urged to nurse the baby, or to use complimentary feedings of artificial food with breast-feeding.

The enclosed is a statistical report of the attendance, number of clinics, home visits, number of new babies, etc.

I wish to thank the ladies of the Berlin Child Hygiene Association for their active co-operation and help in the past year.

Respectfully yours,

LAURA MORIN,

Child Hygiene Nurse.

Department of Health, City of Berlin, New Hampshire
Division of Infant Welfare and Child Hygiene

Yearly Report
Nineteen Hundred Twenty-four

Berlin Mills—City Hall—East Side

	Berlin Mills	City Hall	East Side	Total
No. of babies under supervision..	114	160	121	395
No. of deaths (supervised babies)		1	2	3
No. of clinics	50	35	49	134
No. of babies in attendance.....	592	344	376	1,312
No. of new babies	32	61	51	144
No. of home visits.....	932	643	780	2,355
No. of hospital visits.....				10
No. of deaths of supervised babies up to 5 years of age.....				3
No. of deaths of unsupervised babies up to 5 years of age...				52
Death rate of supervised babies based on 1,000.....				7.4

Remarks:—City Hall Report starts from April 14, 1924, to January 1, 1925.

LAURA MORIN,

Child Hygiene Nurse.

It is gratifying to note the small death rate of the babies who are under the supervision of the Infant Welfare Nurse. It leaves no room for doubt concerning the value of this work.

The community owes the ladies of the Berlin Hygiene Association their sincere appreciation and support for the creditable manner in which they have fostered this movement in Berlin, and the practical and efficient manner they have carried on the work.

Our infant death rate based upon 1,000 living births is 76.7 which is much lower than last year's rate of 93.0, but even this low mark can be lowered and caused to remain low by just such work as is now being done only on a larger scale.

Tuberculosis

The tuberculosis work in this city is being carried on by the New Hampshire Tuberculosis Association. Below is a report of Miss Emma Barker, R. N., who has charge of the work done in this city and county.

January 1, 1925.

Mr. H. F. Leeds, Health Officer,
Department of Health,
Berlin, N. H.

My dear Mr. Leeds:—

It is with pleasure I submit the fourth annual report of New Hampshire Tuberculosis Association giving a summary of the work accomplished in Berlin during 1924.

There were 20 clinics held at City Hall, Department of Health, supervised by Dr. R. Deming of Glencliff, N. H., with an attendance of 317 patients, 91 new and 226 old cases. Twelve of these were sent to Sanatoriums while 20 have been arrested during this period.

There are now under supervision 137 cases of which 84 are active. Many of these are now showing decided improvement by taking the treatment advised by the doctor and nurse.

It is the aim of this organization to eradicate tuberculosis and to do this we must first, discover the cases, help them back to health, second, advise persons showing a predisposition to tuberculosis how to avoid it.

This coming year we are going to concentrate our efforts upon the children because we have found that it is in the early years that these children are predisposed by improper or lack of personal hygiene, which includes nutrition.

We wish to thank the Board of Health, the city officials and the citizens of Berlin for their support during the Christmas Seal Drive and their co-operation throughout the year.

Respectfully submitted,

EMMA F. BARKER,

Tuberculosis Nurse.

Milk Supply

The milk supply of the city of Berlin is in a very poor condition, due to lack of the proper laws or ordinances and strict supervision. Plans have been made to carry on a campaign this coming year which will raise the quality and purity of our milk supply.

Water Supply

The need of a new and adequate source of water supply was emphatically brought to the citizens of Berlin last August when the dam of the Keene reservoir was undermined and our surplus water supply lost. It is inevitable that sooner or later we must take our water from the Androscoggin; will it take an epidemic of typhoid fever and the death of several of our people to make us realize that the present haphazard method of supplying water is positively dangerous? The logical procedure at the present time will be to filter the water taken from the Androscoggin river through an efficient filter and to treat this filtered water with a very small amount of chlorine to further safeguard it and to accept this supply from the river as our regular supply and discontinue the use of water from the reservoirs. These reservoirs may be polluted at any time by hunters, campers, etc., and this water is brought into the city without treatment of any kind and there is not enough water in the reservoirs to merit treatment. So therefore it will be safer, and more economical to use the river water.

In conclusion I wish to thank the Mayor, the City Council, and the members of the Board of Health for their help and splendid co-operation.

Respectfully,

H. F. LEEDS,
Health Officer.

Report of Overseer of the Poor

Berlin, New Hampshire, January 31st, 1925.

To His Honor the Mayor, and City Council of the City of Berlin:

Gentlemen:—I herewith submit my report as Overseer of the Poor for the year ending January 31st, 1925, which shows the appropriation nearly all used up, as this year has been an unusual one regarding City Poor expenditures caused by the scarcity of labor and sickness. We are supporting now more families than ever.

The outlook for the future does not look much brighter. I have investigated the cases coming to my attention and given aid where it seemed needed. I would recommend that this department be given for 1925 at least (\$4,500.00).

Respectfully submitted,

P. E. BEAUDOIN,
Overseer of the Poor.

Report of Sealer of Weights and Measures

Berlin, N. H., Jan. 31, 1925.

Report of Library Trustees

February 1st., 1924.

To His Honor, the Mayor, and City Council of the City of Berlin.
Gentlemen:

The Board of Trustees of the Berlin Free Public Library herewith submit their thirty-second annual report, together with the Treasurer's Statement and the Librarian's report.

The policies adopted by the Trustees during the past year have shown very gratifying results in every department of the Public Library. Citizens are beginning to realize the possibilities of its service to the community in many lines. As an evidence of their growing interest the yearly circulation jumped from 40,150 in 1923 to 55,245 volumes, an increase of 15,095. The demand for non-fiction has brought its circulation up to a point much higher than it has ever reached before.

The judgment of the Trustees in establishing a penny-a-day library is also vindicated. This is composed of extra copies of the most recent fiction. This department pays for itself through the small charges made to its users.

The Juvenile Department with its attractiveness, bright rooms, fresh clean books, and its various activities, such as story-hour, movies, music and the Book Parade during Children's Book Week in November, has been in a constantly crowded condition, and the circulation shows an increase over last year of 6,446. This year we are asking for \$10 a month increase to enlarge the supply of Juvenile books, so as to accommodate the requests of grade school teachers for supplementary reading and to keep abreast of the children's modern literature, fiction and non-fiction.

We asked that the water pipes leading into the building be moved to prevent freezing in winter weather. This was not approved by the Finance Committee last year. We are repeating the request. The pipes still freeze every cold night. The repairs we suggested on the rear exterior of the building have not yet been made. The upper interior is in need of paint and parts of the floor are in very bad shape, and in need of repair. We recom-

mend again that the Council appropriate a sum large enough to put the building into first class condition. For twenty years the City's obligation to a library of the Carnegie foundation has been neglected and we hope that this neglect will be remedied before the building is condemned.

DR. E. R. B. McGEE,
KATE B. McCRYSTLE,
JOHN J. SMITH.

Librarian's Report

To the Board of Trustees of the Berlin Public Library:

The 32nd. annual report of the Librarian of the Free Public Library is herewith submitted:

The Trustees of the Berlin Public Library have every reason to be proud of the Circulation Statistics appearing at the end of this report. People who have been reading Library Notes which appear weekly in the Berlin Reporter have realized the condition of the healthy growth in the Library. Merchants, teachers, and students of various subjects are beginning to appreciate the desire of the staff to be of the utmost service in all lines in which the Library can meet the needs of the public from home gardening to sales efficiency.

One of the most active departments during the past year has been the Juvenile. From opening until closing time there has been a continuous stream of children waiting in line for favorite books, and the chairs in their reading room are filled with young readers poring over the latest children's magazines. Teachers from the various Grade Schools have been giving an hour of their time each week for story telling which packs both rooms to capacity.

The Book Parade, held in November, created a great deal of enthusiasm and favorable comment. The grade teachers of the various schools, public and parochial, co-operated with the Superintendent of Public Schools and the Juvenile Librarian. We wish to thank, not only them, but all who helped with the preparation of the parade. We also desire to express our appreciation for the kindness of Brown Company, not only in the parade itself, but in the space and illustrations devoted to the Public Library in many issues of the Brown Bulletin.

We owe a large debt of gratitude to the Woman's Club for their generous gift of the following books: Outline of Art, Manual of History, Book of Operas, and Civil Government of the United States.

The Daughters of Isabella presented to the Juvenile Department a Victrola, which has been much appreciated by hundreds of children, as well as by the staff and trustees.

These Eventful Years, and the third volume of The French Revolution were given by the Friday Reading Club. We wish to express to them our heartiest thanks.

Report of the City Solicitor

Berlin, N. H., January 31, 1925.

To His Honor, The Mayor, and City Council of the City of Berlin:

I herewith submit my report as City Solicitor for the fiscal year ending January 31, 1925.

The work in this department has been very heavy during the past year. The main subjects involved were three proceedings of condemnation, preparation for floating of two bond issues, the purchase of the Berlin Water Company, Incorporated, revision of the City Charter, and constant attention to prosecutions in the Municipal Court.

One case, that of George Oswell vs. the City of Berlin, was disposed of by a settlement out of Court.

Other cases remaining on the Superior Court docket are:

City Bowling Alleys vs. City of Berlin.

A. J. Oeschger vs. City of Berlin.

S. Zolofsky vs. City of Berlin.

S. Morando vs. City of Berlin.

International Paper Co. vs. City of Berlin.

M. Treamer vs. City of Berlin.

A. N. Bertrand vs. City of Berlin.

G. Ryder vs. City of Berlin.

W. Arsenault vs. City of Berlin.

I have attended every meeting of your City Council during the year, except one, and then my absence was necessitated by my attendance at Court out of town. By attending your meetings, I have been able to follow the work of your council and offer advice on any legal question arising during the meeting.

There are two acts being introduced in our present legislature, one to legalize the purchasing of the Berlin Water Company, and another to revise the City Charter. Both of these matters have taken much of my time, as well as others who have served upon the committee.

I wish to thank the Mayor, Councilmen and members of the City Government for the assistance they have rendered me during the year, in fulfilling my duties.

Respectfully submitted,

ROBERT RICH,

City Solicitor.

Report of City Engineer

January 31, 1925.

To His Honor the Mayor and City Council of the City of Berlin,
New Hampshire.

Gentlemen:

I respectfully submit herewith a report of the Engineering Department of the City for the year ending January 31, 1925.

The following will be an outline of the work carried on by this department, a more complete schedule of the amounts and costs of the construction will be found in the report of the Public Works Department.

General: The sewer book shows an addition of more than two miles of pipe with many relocations of the old lines and all shown in such a manner that no trouble should be experienced in locating any of the sewers in the city.

Surveys, maps and descriptions, were made for the condemnation of the Halle land on Pleasant Street and the purchase of the Morin land on Main Street, both of the above were for sidewalk purposes and will furnish land for much needed improvements.

A few recorded plans were added to the files and some of the older plans traced. A survey and plan was made for the suit of Oeschger vs. the City of Berlin and Treamer vs. the City of Berlin, these cases will be tried the April term of Superior Court.

A survey and plan was made for the proposed change of the Green Street Underpass. A traffic census was taken and on July 23rd, the Mayor and I attended a hearing before the Public Service Commission at Concord as witnesses for the city, the final decision of the Commission was that the Canadian National Railroad should construct the underpass at their own expense. This will be a much needed improvement when completed.

A plan and survey was made of a section of the Cates Hill road near the Poirier farm. The road at this point was straightened and graded a distance of two hundred feet.

A survey and plan was made for the extension of Grafton Street to Mason Street near the Boston and Maine Station.

Sawyer and Bean of Lewiston, Maine, reported their valuation of the Berlin Water Company as follows; on a basis of reproduction cost less depreciation the plant should be worth four hundred ten thousand dollars, on a basis of income of the year ending December 31, 1922, the city could afford to pay four hundred twenty-five thousand dollars for the plant. In latter correspondence Mr. Bean stated that in view of the increase in earnings since making his report and the possibility of such earnings increasing in the future, that the City would be justified in paying as high as four hundred seventy-five thousand dollars for the Berlin Water System.

This department was called upon to make specifications and superintend the erection of a booster pump, pump house and storage tank for the Berlin Water Company, this system is now in operation and renders water service to the residents of Ramsey hill and vicinity.

Estimates, plans, specifications and superintendence were furnished for all construction work carried on by the Public Works Department.

Cemetery: The cemetery map was revised and traced and a few additional lots staked out in the new cemetery.

Sewers: Approximately twelve thousand feet of tile sewer pipe was laid in the city this year. This sewer was laid mostly to relieve conditions in Forbush Park, Ramsey Hill and Western Avenue. The policy of keeping the sewer on a true line and grade and in the center of the street with the necessary number of manholes has been followed.

Concrete Walls: In order to hold fills necessary for the grading of some of the permanent streets and sidewalks, a concrete retaining wall was required, in all one hundred and ninety cubic yards of concrete were placed.

Concrete Sidewalks: Twenty-eight hundred square yards of concrete sidewalks was constructed during the past year. This work was done entirely by the Public Works Department.

Concrete Curb: The policy of avoiding the construction of concrete curb has been adopted, except in case of emergency.

Asphalt Concrete Paving: Nine hundred and sixty-six square yards of Asphalt Paving (Penetration method) was constructed on First Street this year. This work was done entirely by the City and we feel that this street is one of the best and most permanent paving jobs in the city.

Water Bound Macadam: Three thousand yards of water bound macadam paving has been constructed this year, on Holt Avenue, State Street, and Sullivan Street.

Concrete Paving: Three hundred and ninety-four square yards of concrete paving was constructed on Main Street between the Y. M. C. A. bridge and the Grand Trunk Railroad crossing. This work was done by contract and paid for by the City and the Berlin Street Railroad.

Milan Road: The base for a concrete road was constructed this year. This work was done by contract under the supervision of the State Highway Department. It is the intention of the city to appropriate money the coming year to pave this section to the Milan line.

Street Grading: I wish to mention at this time that in almost every case where sewers were constructed, the street was graded, widened and ledge removed so that in almost every case the road is practically ready for a finished surface.

It is a pleasure in looking over the above jobs to note that in every case the job is a complete unit of permanent work.

Miscellaneous work such as street lines and grades for those wishing to build walls or fences or the street line foundation grades for those building houses, pole and hydrant locations also street names and house numbers were handled by this department.

In closing, I wish to thank the Mayor and City Council and residents of the City for the hearty cooperation given this department during the past year.

Respectfully submitted,

FRANCIS L. BRANNEN,

City Engineer.

Report of Board of Education

To His Honor, the Mayor, City Council and Citizens of Berlin:

We beg leave to submit to you the fortieth annual report of the Department of Education.

At the opening of the year the economic conditions prevailing seemed to demand a careful use of available funds.

It has been our purpose throughout the year to administer the schools economically and efficiently. In no case have we knowingly sacrificed effectiveness for economy. No essential activities of the schools have been curtailed and such changes as have been made have been made in the interest of better service to the community.

Detailed information regarding the activities of the schools may be found in the reports which follow.

We wish to express our appreciation to the Mayor and City Council for their whole-hearted cooperation in school affairs.

Respectfully submitted,

Board of Education

J. C. CURTIS,

Chairman.

FAY C. GANTER,

Report of the Superintendent

To the Board of Education:

In submitting this, my fourth annual report of the Berlin City Schools, I wish at the outset to express my appreciation of the cooperation of the City Administration, of the Board of Education and of the teaching force, whose combined efforts have made our work effective.

The problem set us at the beginning of the year was to carry on the work of the schools economically, efficiently and effectively. From the financial side our annual statement speaks for itself.

From the standpoint of effective work I refer you to the tabulations of tests and measurements which indicates largely the effectiveness of the teaching of subject matter.

These measures, however, are only rough estimates of the effectiveness of the education of our youth. We are more interested in the growth of our young people in ideals, attitudes and habits. These are not measurable by any tests now in use.

However, I believe the Berlin system is unique in that a definite course in character development is now in the making and is in a degree already in operation.

We have started out in the assumption that the chief business of the schools is character building. The following analysis of the Essentials of Good Character was made:

Essentials of Good Character

Honesty	Open-Mindedness
Integrity	Fairness
Reliability	Tolerance
Truthfulness	Sympathy
Sincerity	Charity
Industry	Initiative
Energy	Self-improvement
Loyalty	Co-operativeness
Patriotism	Unselfishness
Faithfulness	Service
	Obedience

Perseverance	Courage
Thoroughness	Responsibility
Faithfulness	Self Reliance

Morality	Manners
Cleanliness	Conduct
Wholesomeness	Golden Rule
Health	
Religious Faith	Concentration
Thrift	Application
	Aim

We are gradually developing by study and practice a technique for the development of these qualities. The bulletin below, sent out to all teachers early in the year, indicates a direct and definite way of attacking two of these problems:

Industry and Perseverance

These habits are inseparable. Perseverance is industry backed by stamina. These habits are not developed merely by assigning long and hard tasks.

Some suggestions for handling the lazy (?) child:

1. Establish Motives for Good Work

- (a) By presenting stories of men who have succeeded through industrious habits.
- (b) Show values of work to be done.
- (c) Grant privileges for work well done.
- (d) Use worth while material only.
- (e) Bestow merited praise for a hard task accomplished and encouragement during the working period.
- (f) Think up other means of establishing motives.

2. Assign Tasks Easily Within His Abilities

- (a) Make it definite.
- (b) If you are sure the work can be done by the child (considering his technical advancement and weak habits), then you may insist on its accomplishment. If it is beyond his capacity you have discouraged rather than helped.

3. **Be Sure the Assignment Is Done Correctly and On Time**

- (a) Have a regular time for doing the work and a regular time for checking up on its performance.
- (b) Never allow a failure.

4. **Gradually Increase Assignments in Difficulty and Length as His Power to Accomplish Increases**

Don't Go Too Fast (See "6" below)

5. **Try These Suggestions on Some Specific Cases in Your Room**

6. **Remember habits develop slowly.** Don't be worried or discouraged by results; they will come slowly but will be certain to come.

Allow No Exceptions. This will require planning and alertness on the teacher's part but the rewards are great.

7. If, as a result of a year's work, you can point to pupils and say, "These pupils are industrious and have the power to stick to their work until it is well done," you may feel happy with the results of your year.

8. Read over, thoughtfully, the underlined parts of this bulletin.

The most significant item in this course has been the eagerness with which the teaching force has seized upon and developed the ideas presented. The following Outline for Grade I, contributed by Mrs. Teare, indicates a fine professional spirit and connects the theories of character building with actual classroom procedure:

Suggested First Grade Outline For Character Building

Courtesy

Manners

"Please." "Thank you." "Excuse me" when passing in front of a person, when slamming a door. Remove hat in building. Crowding another person out of line. Raising hands in teacher's or other pupil's face.

Industry

Short periods well filled; not over-crowded.

3 to 5 minutes after each seat period for commendation.

(Poor industry habits develop during seat periods, most often, in first grade.)

Loyalty

To Country

Stories: Washington, Lincoln, First Flag.

Teach: Salute; Care of Flag.

To Parents

Stories of parent love.

Birds and animals care for young.

To Friends—All school mates

Discourage "Telling" on each other.

Encourage helping, but avoid destroying self-reliant qualities.

Make right when possible.

(John tears Frank's paper; John must make a new paper for Frank, etc.)

Courage

To tell when one does wrong

(John breaks a window. Encourage John to report himself. Talk it over as to making it right. Discourage other children "telling." Let John do it.)

In minor injuries

Perseverance

Be sure tasks can be completed in given time and see that they are.

Purity—Health

Clean hands, face, clothes, teeth.

Language on playground.

Religious Faith

To recognize God in Nature. "God sends the Sunshine and the Rain," etc.

Poems: "All Things Bright and Beautiful," etc.

Stories: Indian Love for Great Spirit.

Change of Seasons.

Honesty

Copying papers

Using colors and pencils which belong to some one else.

See that borrowed materials are returned and **borrow rarely.**

(John's possessions are his own.)

Pick up paper under desk. Don't push it under some one else's.

Taking materials home—pencils, scissors, etc.

Initiative

Some part of seat periods left for children to work out by themselves.

Make one number problem of own.

Suggest first of story—let children finish.

Mention two or three objects in poem—let children draw others, etc.

Avoid too detailed assignments.

Co-operativeness

Reasons for requiring obedience.

Reasons for few certain rules.

Minimize rules and adhere strictly.

(Conversation disturbs others.)

(Lines are necessary to avoid crowding) etc.

Concentration

Brief periods.

Change of subject.

Frequent periods (3 to 5 minutes of muscular activity).

Worthy Home Membership

Helping at home

Open-mindedness

Sympathy

Group children so that deficiencies are not noticeable.

Look for good in each other.

During morning exercise let children tell some kind thing, some polite thing, they have seen one of **their** number do.

Responsibility

For care of plants or pets

For bringing in things for nature or drawing

For care of younger children

The foregoing is of particular value in that it has made articulate many isolated facts already known and has formed a working basis and model for subsequent work. The Grade Four Outline below, contributed by Miss Abbott, indicates the success of these earlier efforts in pointing the way:

Developing Character

Grade 4

I Courtesy

(1) Manners

(a) Example of teacher.

(b) Discussion so that pupils may know what to do in different situations.

(Boys raise their hat. Girls precede boys.

Avoid passing in front of others. Place

chair for visitors. Close doors quietly. Do not interrupt others. Say "Yes, Mr. Smith." Do not look in at windows. Do not laugh at others. Do not say or do that which would give pain to another. Pay attention when some one else is talking.)

- (e) Continual practice in acts of politeness.
- (d) Commend polite behavior.
- (e) Use of mottoes on the blackboard.
("Speak kind words and you will hear kind echoes." "Courtesy means kindness.")
- (f) Use of stories. "King Arthur and His Knights," etc.

(2) Conduct

- (a) Respect the pupil.
- (b) Help pupil to distinguish between right and wrong.
- (c) Cause a pupil to be annoyed when he does a wrong thing and see that satisfaction results when he does the right thing. Blame those who deserve it and praise those who deserve it.

Annayers:—Harmless deprivations.

Social disapproval.

Satisfiers:—Privileges.

Social approval.

(3) Golden Rule

- (a) Get consideration of others by having a pupil imagine himself in another's place. Ask: "If you were he how would you like to be treated?" Regard for the property of others: flowers, lawns, etc.

Motto:—"Love thyself last."

II Industry

- (a) Provide right motives based upon pupil's instinctive tendencies and interests: physical activity, curiosity, desire for approval, rivalry, imitation, collecting, etc.
- (b) Have specific aims.
- (c) Use worthwhile material.
- (d) Limit task to pupil's ability. (Be sure it is done.)

- (e) Have a time limit.
- (f) Grant privileges for work well done.
- (g) Have right physical conditions in the school-room.
- (h) Create an inspiring and sympathetic atmosphere.

(1) Energy

- (a) Have strong motives.
- (b) Arouse enthusiasm.
- (c) Have right health habits.
- (d) Mottoes: "He can who thinks he can." "The more we do, the more we can do." "I believe in hard work and honest sport."—Roosevelt.

III Loyalty

(1) To City

- (a) Develop local pride by studying history of city.
- (b) Conversational lessons about community life.

(2) To Country

- (a) Flag salute.
- (b) Singing patriotic songs.
- (c) Observing patriotic holidays.
- (d) Organize a "Good Citizen's Club."

(3) To School

- (a) Help make a good school by doing something for it. Take care of school property. Care for school yard.

(4) To Friends

- (a) Keep promises.
- (b) Always remain true to friends.
- (c) Stories: "Damon and Pythias"—"Fifty Famous Stories."

(5) Loyalty Literature: "William Tell"—"Baldwin's Fifty Famous Stories."

Poems: "Your Flag and My Flag"—Bobbs Merrill Fourth Reader "Breathes There the Man With Soul So Dead."

Pictures: Patriots.

IV Courage

- (a) Commend a pupil when he takes attitude of physical courage when in pain.

- (b) Use Roosevelt as an example in teaching moral courage.

"I believe in hitting the line hard when we are right."—Roosevelt.

"They are slaves who dare not be in the right with two or three."

(1) Responsibility

- (a) Have pupil participation in school government.

- (b) Have monitors for care of blackboard, school-yard, plants, etc.

- (c) Have pupils give reasons for statements and decisions.

- (d) Hold pupil responsible for his own acts.

"Do not excuse a wrong by saying that some one else does the same thing."

(3) Self Reliance

- (a) Allow pupil to think, choose and act for himself when he is capable of doing it. (Create situation when this is possible.)

(4) Self Control

- (a) Put children on their honor.

- (b) Playing of games.

- (c) Get habit of healthful positions by continual practice.

- (d) Encourage pupils to restrain impulse to give outward expression of anger.

"The Leak in the Dike."—Cary. "Horatius at the Bridge." "Fifty Famous Stories."

V Perseverance

- (a) Have definite aims.

- (b) Have tasks within child's ability.

"The Story of My Life."—Helen Keller

"Four Great Americans."—Baldwin.

"Bruce and the Spider."—Fifty Famous Stories.

"Hare and the Tortoise."—Children's Literature.

Geography: The Coral Workers.

Pictures: Washington Crossing the Delaware.

Motto: "One brick upon another
 And the highest wall is made;
 One flake upon another
 And the deepest snow is laid."

VI Purity

(1) Morality

- (a) By the influence of real examples.
- (b) By means of good literature.

(2) Cleanliness

- (a) Daily inspection by health officers.
- (b) Appoint committee to keep schoolroom clean.

(3) Health

- (a) Health posters, charts and rules.
- (b) Teach how to help in preventing the spread of communicable diseases, especially colds.
- (c) Good posture.

Mottoes: "The first wealth is health."

"My strength is as the strength of ten
 Because my heart is pure."

Picture: "Sir Galahad."—Watts.

VII Religious Faith

- (a) Reverent attitude while saying the Lord's Prayer.
- (b) By means of Christmas and Thanksgiving talks and stories.
- (c) Pictures: "The Angelus"—Millet.
- (d) Poems:

Thanksgiving:

"All good things around us
 Are sent from Heaven above,
 Then let us thank the Father
 For all His care and love."

Christmas:

"The Christ-Child who comes
 Is the Master of all,
 No palace too great,
 And no cottage too small."

VIII Honesty

(1) Integrity

- (a) If a pupil copies another's work make a direct attack, and label the act stealing.
- (b) Anecdotes about Lincoln's honesty.

- (c) Put a premium on taking the blame for one's acts.
- (d) Mottoes: "Do it because it is right."
- (2) Reliability
 - (a) Have faith in pupils.
 - (b) Intrust with tasks.
- (3) Truthfulness
 - (a) Stories
 - "The Magic Necklace."
 - "The Boy Who Cried Wolf."
 - "The Pied Piper."
- (4) Sincerity
 - (a) The teacher should set an example by being sincere in her dealings with the pupils.
 - (b) "I believe in honesty, sincerity and the square deal."—Roosevelt.

IX Initiative

- (a) Let the children share in making school rules.
- (b) Have pupils make plans for posters, booklets, clubs, etc.
- (c) Encourage the pupils in making practical suggestions for doing things by a sympathetic attitude.
- (d) When a pupil has finished work allow him to give help to some one who needs it.
- (e) By means of project work in geography, history and language.
- (1) Self Improvement
 - (a) Stimulate pupil to make best use of his opportunities.
 - (b) Lincoln's early life.
 - (c) "Help thyself and God will help thee."

X Cooperativeness

- (a) By conversational lessons and by appealing to the desire for social approval get loyal cooperation: In line, in fire drills, in folk dances, in games, with the teacher, with one another, with the janitor and with the Board of Health to check spread of disease.
- (2) Unselfishness
 - (a) Have a pupil lose his privilege of playing a game if he doesn't play fair.

(b) Commend good team work.

(3) Service

(a) Teach understanding of the service of the doctor, the nurse, the postman, policeman, fireman and others by talks and by written composition.

(b) Encourage children to help a new pupil, the handicapped and those who need it.

(c) Tell story of Dr. Grenfell of Labrador, Florence Nightingale and others.

(4) Obedience

(a) Require in a spirit of kindness.

(b) Through practice, allow no exceptions.

XI Concentration

(a) Have pupils conscious of definite desirable goals at each stage of progress.

(b) Use interesting materials.

(c) Appeal to visual imagery. Use the black-board to make vivid impressions.

(d) Set a time limit.

(e) Get a problematic situation.

(f) Accept and use the answers of the pupils.

(g) Have pupils feel a need for doing a thing.

(h) Take account of individual differences.

(i) Ignore distractions.

(j) Create friendly contests.

XII Worthy Home Membership

(a) Let the home members know that you can be trusted.

(b) Rules for practice: Be kind. Be helpful. Be courteous. Get on properly with brothers and sisters. Do not make work for others. Take care of property. Be neat in your room. Be punctual at meals.

(c) Poems: "Little Brown Hands."—Krout, Baker and Thorndike's Fifth Reader.

(d) (Try doing one helpful thing each day of your own initiative.)

XIII Open-Mindedness

(Withhold judgment until both sides are presented.)

(a) Appreciate contributions of other nations and

ances. Get world vision. Columbus, Copernicus, Pasteur.

- (b) Respect all races and religions. Get respect by having pupils correspond or make exchanges with pupils living in other countries and by studying the customs which prevail in foreign countries.
- (c) Show that the whole world ministers unto us by teaching the products of industry of all peoples.
- (d) Develop a healthy democratic spirit. "For a That and a That."—Burns.
- (e) Observe Good Will Day. Have talks and studies about the schools and customs in other countries. Teach picture "The Christ of the Andes." Tell story of this monument.

Quotations for Good Will Day:

"Blow, bugles of battle the marches of peace,

East, west, north and south let the long quarrel cease.

Sing the song of great joy that the angels began,

Sing of glory to God and of good-will to men."

- (f) Get sympathy by relating incidents of need or suffering. Call attention to unkind acts. Call attention to good qualities of others.
- (g) Send Christmas gifts to the poor through the Junior Red Cross. Try to get right motives upon which depends the value of the act.
- (h) Write letters to classmates who are ill.
- (i) Show kindness to children and that will create in them a disposition of sympathy for others.
- (j) "The Bishop and the Candlesticks"—from Hugo's "Les Misérables."

XIV Thrift

- (a) Franklin's "Autobiography."
- (b) Get habit of saving every day or week or month (Berlin School Bank).

- (c) Emphasize the fact that money earns money.
- (d) Save **time**; get concentration on the thing at hand.
- (e) Discourage **waste** of paper, pencils, paints and other material.
- (f) Observe Thrift Week January 13-17.
Have pupils write compositions, make posters and give Thrift Play.

To my mind this work in Character Education is the most important development of the year.

The High School Program

In considering measures for more effective work at the beginning of the year the problem of providing adequate time for the Junior High School pupils was presented. It was decided to change the organization, putting the Junior and Senior High Schools under one organization and running a High School program beginning at 8:45 a. m. and closing at 4:15 p. m., allowing an hour and a half for noon recess. This program has many advantages over the last year's arrangement.

Children have more time in the morning. They have adequate time for their meals and home dinners are always to be preferred to hurried lunches, no matter how well planned the lunch may be.

Last year over 500 pupils were in school an hour earlier and 300 were in school until 5 o'clock. This year the only pupils affected by the early and late hours are the pupils engaged in special activities.

The Junior High School Building

A study of the enrollment statistics for the past five years shows a rapid increase to 1924; a slight decrease since. It indicates that the school enrollment follows closely the economic conditions of the city. At the present time every room in every building is in use, the Board Room in the High School has been taken over for class use and even then practically one-half of our children are in classes over 30.

Enrollment Table

At no time since 1921 has there been adequate space to take care of the children except by increasing the number per room. This condition has become more acute this year because we have taken two grade rooms for high school use. From 1921 to January, 1923, the high school was very badly overcrowded. With the opening of the new building in January, 1923, we had ample opportu-

ity to reduce the number in the classes but the fire in March left us in almost as seriously crowded condition as before the new building was occupied. From March to June, 1923, the seventh and eighth grades ran on half sessions in the Marston School. Last year the junior high school ran on a four-hour session which was altogether inadequate for good work. This year we have lengthened the session and combined the junior and senior high schools but the number of large classes has greatly increased.

Present Conditions in the Grades
Enrollment per Room

Rooms with 20 to 25 pupils.....	8
Rooms with 26 to 30 pupils.....	5
Rooms with 31 to 34 pupils.....	6
Rooms with 35 to 40 pupils.....	6
Rooms with 40 to 45 pupils.....	4

All available rooms occupied (29)

Considering 30 as the maximum number desirable in a room we have 16 rooms that are too large. To reduce these grades to a 30 maximum we will require rooms as follows next year:

First Grade	6
Second Grade	6
Third Grade	6
Fourth Grade	5
Fifth Grade	5
Sixth Grade	6
Special Rooms	2

—
36

It will take 7 rooms and 7 additional teachers to keep the grade enrollments under 30 per room.

Present Conditions in the High School

Seventh Grade	3 Divisions over 30
Eighth Grade	2 Divisions over 30
Ninth Grade	3 Divisions over 30
Eleventh Grade	1 Division over 30
Twelfth Grade	1 Division over 30

Three teachers are needed to reduce all high school divisions to a maximum of 30. These teachers are of no value unless we have three more rooms. In order to allow regular study periods in the high school two more rooms are needed, making a total of five in high school.

We will need 12 rooms and 10 teachers to reduce classes to a maximum of 30.

It is needless to say that we have too many large classes for the most effective work.

An effective Junior High School requires a different type of organization, more varied curriculum and smaller classes than are possible under present housing conditions.

While it is possible to continue for another year under present conditions I want to recommend your careful consideration of the possibility of a Junior High School building in the near future. A building, even if started at once, cannot be ready for occupancy for at least a year so that our planning must consider not one year ahead but two years.

Finances

The demand for an economical administration has led us this year into a very general study of expenditures. We have scrutinized very carefully every demand and the financial statement shows a large saving over the previous year. The difference, however, does not represent entirely a saving as a year ago our expenditures included many unusual demands which were not present this year.

In two respects I believe we have made mistakes in our planning. In the Music Department it has not been possible for Mr. Goldthwaite to carry on the work, especially in the grades, with the same efficiency as last year. In this case I hope that the new budget may provide an assistant in this department.

In the High School we have attempted to carry on with the library open only half of the day. It is not possible to arrange pupils' schedules to provide library periods, the long day makes it difficult to get pupils to do library work out of school hours and I believe it is an error to fail to utilize our library to the fullest extent. A full time librarian would free the present teacher for three periods and would enable us to divide some large classes into more efficient units.

I wish to invite your careful consideration of the reports which follow:

Total Registration January 31

Grade	I	II	III	IV	V	VI	VII	VIII	IX	X	XI	XII	Ung.	Total
Total 1921..	153	137	127	158	171	162	152	127	114	92	60	10	...	1463

Research Department

To Superintendent Carl M. Bair:

I herewith submit the third annual report of the Research Department.

Table No. I gives the results of the testing program in the elementary grades.

Table No. II gives the results of tests given in the High School.

I recommend that these tables be printed as a matter of permanent record to which future reference may be made.

The gathering of this data has involved the correcting of about 20,000 examination papers.

Other activities carried on by this department during the last year have included the following:

The giving of an intelligence test to each pupil above the third grade who had not previously been tested. These results were filed as were the results from all other tests, thus forming a valuable record of each child.

A brief character sketch of each pupil, written by the teacher, was obtained and filed.

Special investigations were undertaken, as for example, the effect of late school hours on the work of Junior High School students.

Individual cases were studied and recommendations made to the Superintendent.

Charts and tabulations were made for teachers' meetings and conventions.

Conferences were held with teachers in order to make the records of the department available to them in such matters as discipline and promotion.

Certain data relative to forming two new special classes and the continuation of two others was gathered and submitted to the Superintendent.

Respectfully submitted,

WILLIAM SLADE, JR.

Penmanship Report

To Superintendent Carl M. Bair:

I herewith submit my second report as Supervisor of Penmanship in the Public Schools of Berlin.

Penmanship is one of the most important subjects on the school curriculum. Do we realize that about three-fourths of the school work of today is done through penmanship correlated with other subjects? Hence, how very essential that we do all we can to aid in making this written work a pleasure, done with ease and rapidity and at the same time using a method which aids in a physical way.

Palmer Penmanship Classes are real Physical Training Camps for the boys and girls thereby conforming to good health, developing broad shoulders, eliminating cramped chests and eye-strain by stressing correct posture and movement at the desk. Good writing is not a gift or talent alone, with which certain individuals are blessed but is an art to be acquired through careful study and correct practice. The certain reward of diligent work is a handwriting embodying legibility, rapidity, ease and endurance which is greatly admired by everyone.

The schedule of work remains the same as last year. Ninety minutes each week are given to the penmanship lessons in the grades. I teach once every week in the first four grades and alternate weeks in grades five and six, outlining for the teachers the intervening lessons.

The following awards have been presented to the pupils of our Public Schools by the Palmer Method Company:

Silver Star Buttons to Grade I.....	48
Gold Star Buttons to Grade II.....	52
Palmer Method Buttons.....	285
Progress Pins	22
Improvement Certificates	4
<hr/>	
Total.....	411

The four who received Improvement Certificates are: Della Myers, Sophia Glenn and Louise Morin from Mrs. Phelps' room,

Bartlett School, and Olga Conon from Miss Sawyer's room, Cole School.

This year most of the pupils are doing special work toward winning these awards which come as a merit of extra good work.

The decided improvement which is very noticeable in the penmanship classes is due, to a very great extent, to the never-tiring efforts and skill of the teachers. An expert penman and skilled teacher of muscular movement-writing, giving occasional lessons in the class, could accomplish but little by intermittent visits.

Several teachers have enrolled in the Normal Training Class. Miss Mary Allaire of the Burgess School has obtained a "Teacher's Certificate."

I wish to take this opportunity to thank the Superintendent, teachers, citizens and pupils for their interest and cooperation in this work.

Respectfully submitted,
EVELYN F. HOGAN,
Supervisor of Penmanship.

Drawing Report

To Superintendent Carl M. Bair:

I herewith submit my second annual report of the Drawing Department of the Berlin Public Schools:

Art when combined with life's environment becomes a unifying cord which weaves all the products of mankind into a pattern of beauty.

In teaching drawing in the public schools our aim is to cultivate keen observation and accuracy, to develop an appreciation of the beautiful in our everyday problems such as matters of dress and home furnishings, and to encourage individuality.

The schedule of work remains the same as last year. Forty-five minutes at least each week are given to the drawing in the grades. The Supervisor gives a lesson alternate weeks in each grade and outlines for the teachers the intervening lessons.

The outline for the lower grades is as follows: paper folding, freehand cutting and pasting, tracing and coloring. In addition to this simple work, nature drawing and sketching of toys and familiar objects is given. By means of the paper cutting and pasting, reading and language lessons, games, songs and occupations are illustrated, thus correlating drawing with the other work and creating more interest in both. This work teaches the child to be skillful with his hands and develops neatness, accuracy, keen observation and originality.

In the advanced grades more difficult problems in paper cutting, construction, nature drawing and design are given. Water coloring is introduced in grade four.

I would suggest that next year each building be supplied with the set of books: "Stories Pictures Tell," by Carpenter, in order that we may introduce a brief course in picture study to give the pupils a better understanding of the work of the world-famous artists and to create an appreciation of good pictures.

In conclusion I wish to express my appreciation to the Superintendent, teachers, citizens and pupils for their hearty cooperation in the work.

Respectfully submitted,

EVELYN F. HOGAN,

Supervisor of Drawing.

Evening School

To Superintendent Carl M. Bair:

I submit herewith the annual report of the George E. Burgess Memorial Evening School for the year ending January 31, 1925.

The school opened September 22, 1924, offering courses in English, Citizenship and a few advanced subjects. The following teachers have served with efficiency worthy of note:

Bartlett School

Marion G. Ellingwood.....Ungraded (women)
 Eli A. Marcoux.....Citizenship and Minors
 Victorine M. Olivier.....Beginners (women)

Brown School

Mary C. Wilson.....Ungraded (men and women)

East Side

Pearl B. Heroux.....Beginners (women)
 Bessie B. Quinn.....Minors
 Sanford L. Swasey.....Citizenship

Marston School

Bertha M. Cross.....Citizenship
 Effie W. Feindel.....Advanced Course
 Hannah S. Howell.....Special
 Katherine E. Porteus.....Citizenship
 Mary M. Seveigny }
 Rachel G. White }Ungraded (women)
 Pauline S. Sullivan.....Typewriting

Substitutes

Alice B. Henderson

Margaret C. O'Shea

Georgia C. Poulin

The maximum salary is three dollars per night. There are three sessions each week until the state requirement of sixty sessions is fulfilled.

The registration to date is 252. Enrollment in detail follows:

SCHOOL	Men	Women	Total
Bartlett	34	19	53
Brown	12	4	16
East Side	30	20	50

Marston	74	59	133
	150	102	252
NATIONALITY	Men	Women	Total
American	35	36	71
Canadian	85	53	138
Czechoslovakian	1	2	3
Hebrew	1	3	4
Irish	1	0	1
Italian	2	2	4
Norwegian	8	1	9
Polish	2	0	2
Russian	11	4	15
Scotch	0	1	1
Swedish	2	0	2
Syrian	2	0	2
	150	102	252
CITIZENSHIP STATUS	Men	Women	Total
Citizens	27	18	40
Candidates for Citizenship.....	68	1	69
Aliens	5	35	40
Minors	50	48	98
	150	102	252

Note: "Citizens" include native and naturalized over 21 years of age. "Candidates for Citizenship" include declarants and petitioners. "Aliens" are persons over 21 years of age, who were born in a foreign country and have not yet applied for American citizenship. Of the ninety-eight minors, sixty-seven are native born, fifty-two of whom are taking the advanced work and apparently enjoying the time thus spent.

For several years there has been an increasing demand for continuation classes. The large enrollment in the advanced class this year makes it reasonable to assume that next year the requests for vocational work will be greater than ever. May I call your attention to this phase of the night school and ask the consideration of the Board of Education, that our boys and girls who are able to use the English language may be given an equal opportunity with those who are compelled to attend by law. I believe that the city would be fully repaid in the type of service that these same boys and girls would be able to render to the community in the coming years.

The time given at the City Building to assist persons in executing papers, which the government requires as a part of the naturalization plan, has been profitably spent. Sixty-five persons have been thus assisted. Information in regard to naturalization laws has been given almost daily. No actual record kept. The Evening School aims to serve the public in this capacity and assistance is freely given to any one seeking information whether or not he belongs to the school. Although this work has been worth while, it has been done at a sacrifice of the home classes, there being only two such groups in action this year.

At Thanksgiving time a social was enjoyed, when the pupils were entertained by the teachers at the different buildings.

The "Welcome Meeting" at City Hall which was conducted by His Honor, Mayor Vaillancourt, assisted by Fred C. Cleveland, Clerk of the Court, and Carl M. Bair, Superintendent of Schools, was a very successful occasion. The Ex-Mayors, the night school teachers and the various civic organizations of the city joined in the exercises. The new citizens were delighted with the instructions given and the friendly greeting tendered them on the event of their entry into American citizenship.

The school was visited once this year by Walter M. May of the State Department of Education. Mr. May reported favorably upon the work being done and commented on the capability of the teachers.

The Evening School will close this year on Thursday, February 26, with exercises at the High School Auditorium at 8:00 p. m. The usual good time is expected. The public is cordially urged to attend.

In making this report for the current year, I am reminded of the many courtesies extended to me by Mayor Vaillancourt, the Clerk of the Court, the Board of Education, the public school teachers and pupils and various other officials and individuals who have helped to make our night school a success. For all these favors, I am pleased to record my thanks. I acknowledge with gratitude your helpful suggestions and loyal support, and the friendly cooperation of the evening school teachers, substitutes, pupils and janitors.

Respectfully submitted,

MARGARET E. MAHANEY,

Director Evening Schools.

Music Department

To Superintendent C. M. Bair:

Generally speaking, music in the schools for the year 1924 has made steady progress in the path of improvement. This has been due largely to the liking for music engendered in the pupils by the painstaking care of the teachers. The love of music, apparent among the children, is a source of gratification to all concerned in the teaching of it. When the spirit is aroused the children enjoy the work, difficulties are surmounted with less effort, and progress is very noticeable. There is so much that is beautiful in music that it appeals to the artistic sense of everyone. It is refining, ennobling, stimulates the action of the mind and concentrates thought.

Tone production and sense of rhythm, emphasized in the music course, are producing fine results and a good foundation is being laid for future study. A comparison of our schools with other schools visited convinces me that the general work is of a high order. The classes read well, keep good time and the tone production on the whole is excellent.

In the High School the classes in Music Appreciation and Harmony have been continued as before. The band and orchestra have both improved very much. In 1924 the band appeared in public seventeen times and the orchestra eighteen times.

The one regrettable feature of the work in music teaching for the year 1924 has been my inability to continue the instruction of the instrumental classes, on account of lack of time to do it.

In 1923 more than seventy pupils in all grades took advantage of the opportunity to study instrumental music.

For the last half of the year the Junior High School chorus, glee clubs, orchestra and other music activities have been omitted for the same reason—lack of time.

It is to be hoped that the coming year will offer greater opportunity for larger service.

Respectfully submitted,

GEORGE T. GOLDTHWAITE,

Supervisor of Music.

Physical Training in Grades

To Superintendent Carl M. Bair:

In order that no phase of the boys' and girls' physical education shall be neglected, all classes are required, some time during each day, to spend twenty minutes practicing the model lesson which I have previously taught.

I visit the Bartlett and Burgess Schools one week, alternating with the Marston, Brown and Cole Schools the following week, staying in each room twenty minutes.

The order of the day usually follows this outline, and all lessons are given out of doors when possible:

1. Marching.
2. Folk Dancing.
3. Calisthenics.
4. Games.

Respectfully submitted,

MARY ARMSTRONG,

Supervisor Physical Training.

Medical Inspection

To Superintendent Carl M. Bair:

I herewith submit my fifth annual report as school nurse of the Public Schools of Berlin.

Examinations of all school children were started at the opening of schools and completed in December. One hundred and fifty-five cases were referred for doctor's examination. These examinations have also been completed.

The following shows the number of defects found:

Decayed Teeth	440	Enlarged Tonsils.....	125
Heart	5	Goiter	20
Vision	84	Asthma	1
Defective Hearing.....	39	Pediculosis	31
Enlarged Glands.....	4	Defective Breathing.....	3
Adenoids	3		

Attention given to defects during year 1924:

Total Attention	271
Partial Attention	23
Advised	19
Improved	41
No Attention	191

The Dental Clinics were started in March. The work done by the dentists is very gratifying. The following shows the amount of work done:

Number of Clinics	21
Number of Patients	50
Number of Fillings	96
Number of Extractions	109
Number of Cleanings	25
Number of Patients Treated.....	1
Number of Patients Examined (Treatment deferred).....	4

An Orthopedic Clinic was held by Dr. Metcalf of Concord in July. Twenty-seven cases were examined. Dr. Metcalf holds these clinics free of charge.

Children attending Tuberculosis Clinic:

Incipient	8
Suspicious	8
Arrested	2

*Eight cases improved.

Six cases improved.

Number of visits made from February 1, 1924, to January 31, 1925:

Surgical	584
Medical	435
Ocular	8
Dental	3
Investigation	402

Total number of calls.....	1,432
Children accompanied to Hospital for Operation.....	7
Children accompanied to Hospital for X-Ray.....	2
Children accompanied to Doctor.....	6
Children accompanied to Oculist.....	4
Children accompanied to Dentist.....	1
Children whose teeth were cleaned by nurse.....	6

The above reports do not include minor cases which are treated daily in the schools. (Average 15 to 20 daily.)

Children taken out of school because of contagion:

Chicken Pox	7	Pink Eye	10
Whooping Cough	4	Itch	7
Impetigo	2	Measles	8

The Junior Red Cross has helped the following cases:

One case for X-Ray.

Five cases of Enlarged Tonsils (operation).

Two cases of Defective Vision (supplied with glasses).

One case Malnutrition (supplied with milk daily).

Fourteen children supplied with clothes.

The routine work of the schools has been carried on as in previous years. The cooperation of mothers and teachers has been splendid and has helped considerably with the work. Much more could be accomplished with an assistant nurse. More time could be spent in the Senior and Junior High Schools; Hygiene, Health Talks, Malnutrition cases, etc., could receive more attention.

Eye Clinics have been planned for the month of February. It is hoped that an additional appropriation may be given sufficient to cover the Dental work which in previous years has been accomplished by the generosity and interest of the local dentists.

Respectfully submitted,

FRANCES FOXALL WELLINGTON,

School Nurse.

Report of Headmaster

To Superintendent Carl M. Bair:

I herewith submit my twelfth annual report as Headmaster of the Berlin Senior High School.

Registration

The total registration for the school year ending June, 1924, was 532 pupils, 249 boys and 283 girls. Table I gives the registration in full. The total enrollment of the Senior and Junior High Schools to date for the year 1924-1925 is 811, 384 boys and 427 girls, indicated in full in Table II. Five pupils who left school last year due to sickness and other causes have returned.

The registration of the class of 1928 for the school year 1924-1925 is as follows: from the public schools 101, repeating the year 3, from St. Patrick School 33, from St. Regis Academy 3, from Angel Guardian School 4 and from outside schools 19, a total of 163 pupils, 75 boys and 88 girls.

Sixty-eight pupils graduated in June, 1924. Table IV gives a full report of the activities of the members of this class since graduation. It will be seen from this table that 37 per cent entered colleges and training schools as compared with 47 per cent for 1923, 43 per cent for 1922 and 30 per cent for 1921. There are 96 pupils in the Senior class that will graduate in June, 1925.

Organization

For the school year 1924-1925 the Junior and Senior High Schools are housed in the new building under the same organization. The present time does not provide a place for study during the time the pupils are not actually in recitation. More effective work can be done if arrangements can be made for definite study periods. The training of junior high school pupils can be done more effectively in a building by themselves than as a part of an organization primarily for older pupils. As soon as the new building is completed both schools can be properly organized and each will be able to carry out the work as originally planned.

Practical Arts

The work of the Mechanic Arts Department is of a high order. The membership of these classes has increased because more boys

are electing this work and fewer are leaving school. Five years ago there were nine boys from the Senior class enrolled in the advance Machine Shop Practice. This year there are forty boys from the Senior class taking Advance Machine Shop work. The following projects have been completed during the past year and illustrate the type of work accomplished: Machine Shop Projects: service table, lathe and counter shaft, grinder, drill press, mill box, arbor press and chart holders. Wood Shop Projects: library table, writing desk, magazine rack, cedar chest, piano bench and radio cabinets. Woodturning Projects: floor and table lamps. Pattern-making Projects: clamp locks, parts for lathe, machine shop cleaner and T squares. The boys in both shops have obtained experience in the repair of school apparatus and equipment.

The work of the Junior High School girls in Domestic Science for the past year has dealt with the organization and proper use and care of all kitchen utensils. The girls, through their work in cooking, have obtained instruction concerning the kind and value of the different foods, table service, menu building and invalid cooking. The teacher has encouraged home projects of all types. Practice was obtained in canning, preserving and jelly making. Approximately two hundred jars of vegetables and fruits were preserved by the different girls. Most of the material in preserving was furnished by the girls and carried back into the homes. Household administration in all phases was studied including the removing of stains, laundry work, sweeping and dusting.

The work of the first two years for the Senior High School in Sewing for the past year has dealt with the making of dresses, skirts, underwear and the repairing of same. The advance classes have had in addition to the above named projects in sewing, the study of textiles, the principles of millinery and the practice of making their own hats. They have also obtained practice in darning and fancy hemstitching. There is no question as to the value of this type of work and how the same will function later in the lives of the pupils.

Commercial

The classes in Economics for the past year have been given illustrated lectures by the use of the Picturol Projector, covering various subjects. These pictures have proven especially interesting to the pupils and of great value in visualizing subjects and industries that the pupils in this part of the country do not have the opportunity of visiting. The Forest Service Department,

Washington, D. C., furnished several very interesting sets of colored lantern slides and accompanying lectures on the various phases of the work of the U. S. Forest Service.

During the past year lectures were given to the senior class by the following business and professional men: Mr. H. L. Harris, Twin State Electric Company, Boston, Mass.; Mr. J. F. Brawford of the H. M. Rowe Company, Baltimore, Md.; Mr. Lloyd Bertschi, Manager, Gregg Publishing Company, Boston, Mass.; Mr. J. F. Snyder of the South-Western Publishing Company, Cincinnati, Ohio; Mr. E. W. Mann, Proprietor, Maine School of Commerce, Auburn, Maine; Mr. W. H. Gerrish, Berlin, N. H.; Mr. George A. Dickey, State Agent, Provident Life Insurance Company, Manchester, N. H.; Mr. M. H. Taylor, Cashier, Berlin National Bank; Mr. F. C. Hannah, Cashier, City National Bank and Mr. W. W. Burlingame, Berlin, N. H.

Touch typewriting is now taught exclusively. The Rational Rhythm Records for the Victrola have been used this year in the typewriting work, and have proven extremely helpful in stimulating interest on the part of the pupils, resulting in a marked improvement in rhythm, speed and accuracy in typewriting. During the year sixteen certificates have been awarded to pupils by the Royal Typewriter Company. The Underwood Typewriter Company has awarded forty-seven certificates. These certificates are presented to pupils who write on current tests for a period of fifteen minutes at a net rate of thirty or more words a minute. Nineteen Bronze Medals for typewriting at forty net words a minute, seven Bronze Bars for fifty net words a minute and two Sterling Silver Medals for sixty net words a minute have been awarded to pupils by the Underwood Typewriter Company. Also the Gregg Writer magazine has awarded six Competent Typist Certificates to pupils typing fifty net words a minute.

Financial Statement of the Berlin School Bank January 1, 1925

Receipts

Balance on deposit in Berlin National Bank, January 1, 1925.....		\$ 8,563.20

Athletics

The department of Physical Training has shown considerable growth and has broadened its activities as follows:

1. Increased interest has been shown in the required work by the first year students.
2. Enrollment in elective classes has made a considerable increase.
3. Junior High School boys and girls have registered for elective work in addition to Senior High students.
4. A system of two minute drills given in the regular class rooms has been installed.
5. The matter of Physical Examination has been gone into more deeply and a program better suited to the individual is being carried out.
6. A more advanced type of work is being done in the Physical Training classes.

The Athletic Association which is coordinated with this department has replaced all worn out equipment and paid expenses of all games with a balance of \$294.08 on January 1st, 1925. Balance January 1st, 1924, \$193.99. A summary of games played in all sports during the year shows 27 won, 15 lost. The football team of 1924 won 7 games and lost one game. One hundred and fifty boys competed in the North Country Track and Field Meet from the following schools: Portland, Rumford, Bridgeton, Hebron, Mexico, Gould and Berlin.

The girls' basketball team made a fine record and has bright prospects of making a better one this winter. Interclass ice hockey and tennis are being included in the program for girls for the first time.

The annual Physical Training program which was given in May was a decided success in both presentation and attendance.

Social Activities

The different clubs and social organizations of the school under the leadership of the teachers in charge, have given excellent training and valuable instruction to the pupils. The Junior Recital, the plays given by the Dramatic Club, the French Play, the May Festival, the Operetta and Twelfth Night are worthy of praise to both pupils and teachers in charge.

Music

Excellent results have been obtained in the Music Department. The work done by the Band and Orchestra is a credit to the City. Music has now reached the stage where it is beginning to function. Small orchestras made up of high school students are now noticeable in the different homes, churches and fraternal organizations. The Orchestra is now playing the music for the chorus singing in the high school assemblies. It is, however, essential that some provision be made whereby the younger pupils in the lower grades will be taught the different musical instruments so as to fill the vacancies in these organizations caused by graduation.

The School Paper

The Meteor, the school paper, has had a most successful year from the standpoints of literary merit, circulation and financial success. At present 800 copies are printed, this being an increase of 150 over last year's circulation. For the year 1923-1924 the amount of money required to carry on this work was approximately \$1,200.00. The exchange list has been considerably increased through requests for the paper coming from other schools. Among these more recent additions were the high schools of Seward, Alaska; Miami, Florida; Helena, Montana; and Enid, Oklahoma.

In the Graduation Number was included a directory of all graduates of the school dating back to the first class, that of 1887. It is the intention to have this directory revised and published each year.

Respectfully submitted,

D. W. MacLEAN,

Headmaster.

Report of Police Commission

To His Excellency, the Governor of the State of New Hampshire,
and to His Honor, the Mayor, and City Council of the City of
Berlin:

In accordance with the provisions of Chapter 160, Session Laws of 1905, we submit our annual report, commencing December 31st, 1923, and ending December 31st, 1924.

There have been no changes in the officers, or in the policy of the police department, since our last report.

The officers have been faithful and diligent, and have in good faith discharged their duties, although handicapped to some extent in certain directions.

We have had one complaint against an officer, which, after a full hearing, was dismissed, and the officer exonerated from any fault.

The traffic regulations which were such a bone of contention under the previous city administration were amicably adjusted as soon as the present administration took office, so that the police commission and the city government work in harmony, and with a full realization that the interests of the city count for more than an imaginary encroachment on the rights or privileges of either department.

The proceedings which were commenced against the police commission by the previous administration on account of the traffic regulations have been discontinued without a hearing.

On January 16th, 1924, suit was brought against the commissioners and twelve of the police officers individually, and attachments made of their property to the amount of \$15,000.00 by William H. Hinchey, complaining that they searched his premises maliciously and without probable cause, on the ground that he was keeping intoxicating liquors for sale. This suit was advertised extensively in the local paper, and others throughout the state, and caused the police commissioners personally considerable expense and time in getting the case ready for trial. After the suit was entered in court an effort was made on the part of the attorney for Hinchey to compromise, but the commissioners insisted on a trial as the only alternative at the April term, 1924,

being the first term at which the suit was entered, or an absolute withdrawal. Rather than try the case counsel for Hinchey entered a voluntary non-suit, and an execution was taken out against Hinchey for costs. To the members of the public who expressed their disgust at bringing such a suit, and who aided in procuring evidence for defense, and to the attorneys in the city who volunteered their services to aid the officers free of charge in case of a trial, we express our thanks.

Too much cannot be said in the interest of law enforcement. The Police officers should have the unqualified support of the public from every angle in the way of enforcing the laws, especially violations of the liquor law. The latter is founded on a comparatively new statute, and its success depends on its vigorous enforcement. Every law-abiding citizen should constitute himself a committee of one to notify the police department or the police commissioners of violations. His name will not be disclosed, and he will aid materially in law enforcement. During the past year there have been one hundred and twenty prosecutions for violation of the liquor law, but only very little revenue has been derived from this source.

Appropriations

We see no occasion for asking for an increase of appropriations over last year. The only item of consequence which we believe the department needs is a patrol wagon. The department should be better equipped than it is on this line. The old vehicle is practically out of commission, and we recommend that in addition to the usual appropriation sufficient appropriation be made to take care of this need.

Police Commissioners

The police commissioners are appointed by the Governor, one each year for a period of three years, with a salary of \$350.00 a year, to be divided as the Board may determine. The term of each incumbent expires as follows:

Edmund Sullivan, September 1, 1925.

Charles L. Sanborn, September 1, 1923, but holds over until his successor is appointed.

Joseph G. Blais, September 1, 1924, but holds over until his successor is appointed.

Beats

Main Street—from Ste. Anne's Church to and including Glen Avenue—is under constant surveillance.

Exchange Street, including Grand Trunk Railway Station and Pleasant Street, between Green and Mason Streets, are under constant surveillance of some officer.

Main Street, for a short distance above, opposite, and below the Brown Company's store, is patrolled during the entire day until eleven p. m.

Mason Street, on the East Side, and in the vicinity of the Boston & Maine Railroad Station, is patrolled from twelve o'clock noon to eleven p. m.

High Street is patrolled during the early part of the evening.

At our annual meeting Edmund Sullivan was chosen chairman, and Joseph G. Blais clerk.

For property of the police department reference is made to the City Marshal's Report, which is hereto annexed.

Respectfully submitted,

JOSEPH G. BLAIS,

EDMUND SULLIVAN,

Police Commissioners.

Police Department

Yearly Report of the City Marshal

To the Honorable Board of Police Commissioners:

Gentlemen:—

I have the honor to submit for your consideration the Yearly Report of the Police Department, Commencing Jan. 1st and ending Dec. 31, 1924.

	<hr/>
	\$35,037.15
Paid City Treasurer.....	\$35,037.15

Respectfully submitted,

H. M. MOFFETT,
City Clerk.

Public Works Department

Berlin, New Hampshire, Jan. 31, 1925.

To His Honor the Mayor and the City Council of the City of Berlin, New Hampshire.

Gentlemen:

I submit to you the report of the Public Works Department for the year ending January 31, 1925. In submitting this report, I wish to emphasize the policy of the administration, one of economy, in as far as not to hinder the sanitary conditions of the City or the general maintenance of good streets and sidewalks.

New Construction has been attempted as it has been deemed practical and necessary. The new work accomplished in the construction of sewers will be found treated in detail further along in this report.

It has been the policy of the administration to organize the work in such a way as to furnish a large payroll thus providing work to the unemployed, this has been made possible by having the department do the work, rather than doing the same through individuals contracts.

The Payroll larger than that of last year, amounts to \$105,602.29. With the exception of the extra work caused by the recent freshets, all the work of the City has been done by the City teams. The expense for additional teams hire amounts to \$1,961.02.

STREET MAINTENANCE—More money is spent each year on this account than on any other in this Department because of the various duties listed under this head, as for example:

Cleaning, sweeping and repairing all streets, painting and repairing all fences and guard rails, the care of all bridges and culverts, taking care of surface water, removing snow, cutting ice and the sanding of sidewalks. Two heavy rains, one during the summer and the other during November, added considerable to this year's expenses. The pick up street sweeper has worked out this season to the advantage of this department, both in economy and efficiency. The expense for carrying on the above named items is \$44,991.08.

ROAD MAINTENANCE—Under this heading, the general upkeep of all the roads outside the City limits is included. The growing traffic and increasing demand on these various roads has

added time and attention to this department. Total cost for this department is \$4,691.66.

SEWER MAINTENANCE—This work calls for a small crew for emergencies and general repairs. The total expended for this work was \$2,053.85.

GARBAGE AND INCINERATOR PLANT—The amount expended for the collecting and burning garbage was \$12,574.96.

COLLECTION OF ASHES—The amount expended for this account was \$2,832.23.

OFFICE—Items entering into this account are as follows: Salaries for Commissioner of Public Works, Bookkeeper, Time-keeper and office supplies. Total for this account is \$4,240.35.

ENGINEERING—The expense of the Engineering Department, including salaries and supplies was \$3,694.49.

PATCHING ACCOUNT—Under this heading is included patching Main Street, Sidewalks, Gutters, and all hard cover. Concrete and Macadam Streets, a tar compound, Sand, Gravel, and Crushed Rock is used in connection with this work. Total expended for this account is \$2,128.43.

TOOLS AND EQUIPMENT—The cost of the upkeep and replacement of the new tools in order to carry on the work efficiently including the purchasing of a concrete mixer was \$2,456.02.

ASPHALT CONCRETE PAVING—FIRST STREET—This work was done entirely by the city crew, by the Penetration method and should prove a good permanent paving. The cost for 966 sq. yds. of paving is \$2,430.84.

SIDEWALKS—All Concrete Sidewalks were laid this year by the city crew and while the individual jobs varied in amount of grading, back filling, etc., which is included in the expense. These walks were laid at a cost of \$3.00 per square yard.

Sullivan Street	278 sq. yds.
Sullivan Street	83 sq. yds.
High Street Elks.....	186 sq. yds.
High Street above Portland.....	570 sq. yds.
Main Street	139 sq. yds.
Portland Street	403 sq. yds.
State Street	310 sq. yds.
Pine Street	188 sq. yds.
Pine Street	399 sq. yds.
Willard Street	169 sq. yds.
Madison Avenue	89 sq. yds.
Green Square	45 sq. yds.
	<hr/> 2,859 sq. yds.

OTTAWA STREET—A concrete retaining wall to hold street embankment was built here and street widened and excavated to a permanent grade. To do this necessitated the removal of a large amount of ledge, the excavation being practically all ledge. The expense of this work was \$3,663.72.

SHEPARD STREET—Conditions here were that of a rough and narrow, unsafe street and solid ledge. This ledge was removed, street graded to full width, a heavy fill made at the lower end and a permanent grade established. The expense of this was \$1,972.88.

WATERBOUND MACADAM—This style of paving was placed on the following streets. The cost of this varied in proportion to the amount of grading and foundation work necessary to prepare street for paving.

Holt Avenue	\$ 690.51
State Street	3,134.53
Sullivan Street	2,855.88

The paving program for the past year was necessarily curtailed, however the efforts put on sewers and on street gradings are the first steps in this direction.

SEWERS—A crew has worked digging sewers continually throughout the entire year. The City has bought 11,343 ft. of pipe, over two miles in various sizes and substantially all this is laid. The following is a list:

Jolbert Street	120 ft. 6" Pipe
Jolbert Street	153 ft. 8" Pipe
Jolbert Street	404 ft. 12" Pipe
Third Avenue	478 ft. 8" Pipe
Western Avenue	1,264 ft. 6" Pipe
Western Avenue	120 ft. 8" Pipe
Glen Avenue	186 ft. 6" Pipe
Glen Avenue	38 ft. 8" Pipe
Pine Street	136 ft. 8" Pipe
Pine Street	66 ft. 6" Pipe
River Street	244 ft. 6" Pipe
Norway Street	75 ft. 12" Pipe
Denmark Street	15 ft. 10" Pipe
Denmark Street	284 ft. 6" Pipe
Spruce Street	88 ft. 6" Pipe

STREET GRADING—In connection with sewer work the following streets were widened, ledge removed where necessary, and permanent grades established as far as possible. Third Avenue, Western Avenue, Hillside Avenue, Brown Street, Portland Street, Lincoln Avenue, Popular Street, Cedar Street, Forbush Avenue and Gendron Street.

MILAN ROAD—Grading this road through to the Milan line was performed by contract by Mr. O. W. Fernald. The State of New Hampshire paying one half the expense. This job is near completion, a certain amount of work being necessary in the spring to prepare grade for concrete top. The City has paid on this work \$10,000.00.

In addition to the above named streets, I wish to call special attention to the work accomplished on Hillside Avenue, Forbush Avenue, Western Avenue and Derrah Street.

The installation of water mains of the Berlin Water Company, and installing of the sewers on Hillside Avenue and Forbush Avenue was accomplished at the same time which meant a considerable saving to the City. In dealing with Hillside Avenue job, a paved gutter was provided in order to take care of the water during heavy freshets, thus guarding against the destruction of road bed. Amount expended on this work was \$3,499.62.

In undertaking the work done on Forbush Avenue a fill had to be provided for, in order to furnish suitable foundation for

both sewer and water mains, also a five feet grading over the mains was provided which was supported on one side by a stone wall, with means provided to take care of drainage, thus giving a complete street.

The material for the fill was obtained by the grading of the unfinished street and removal of ledge at Morrisette's corner. The amount expended on this work was \$3,126.05.

DERRAH STREET SEWER—The completion of the sewer for Derrah Street has solved a highly important sanitary problem and is highly commendable. Amount expended on this work was \$3,463.68.

WESTERN AVENUE—The much needed work on Western Avenue is near completion, because of the nature of this job it has afforded work for many men at the time of the year when labor conditions are at low ebb in the city. Amount expended on this work was \$7,813.86.

In closing, I wish to express my thanks to the Mayor, City Council, Public Works Committee and the City Engineer for the many courtesies shown me in the performance of my duties.

Respectfully submitted,

FOREST E. WARD,
Commissioner of Public Works.

Financial Reports

Municipal Regulations

For the Payment of all Bills Against the City

All bills against the city must be approved by the person authorizing the charges; unless this is done no action can be taken upon the bill by the committee on Accounts and Claims, and no order will be given for its payment. When bills are certified as to above, and left with the City Clerk not later than 12 m., on the Saturday preceeding the first Tuesday of each month, they will be audited by the Committee on Accounts and Claims and if approved by them and allowed by the Council, will be ready for payment on the following Thursday at the office of the City Treasurer.

Meetings of the Committee on Accounts and Claims are held on Monday preceeding the first Tuesday of each month, and the regular meetings of the City Council are held the first Tuesday of each month at 8 o'clock p. m.

Report of Finance Committee

February 14, 1925.

To the Honorable City Council:—

The Committee on Finance herewith submits its financial report for the fiscal year ending January 31st, 1925.

The auditor's report which begins on page 297 in this volume is a full and accurate account of the financial affairs of the city and we respectfully call your attention to the same.

The following appropriations are recommended for the present year:

Band Concerts	\$ 450.00
Board of Health.....	9,500.00
Bonds	60,000.00
Cemetery	1,000.00
City Hall	6,500.00
Repairs on City Hall.....	3,800.00
City Poor	4,500.00
County Tax	43,000.00
Election Expenses	1,500.00
Fire Department	34,000.00
Forest Fires	300.00
Free Beds St. Louis Hospital.....	900.00
Grand Army	100.00
Interest	37,000.00
Lighting Streets	15,000.00
Miscellaneous	5,000.00
Public Library	8,500.00
Public Library Repairs.....	2,500.00
Printing and Stationery.....	4,200.00
Police Department	40,000.00
Public Works	120,000.00
Salaries	14,000.00
Schools	175,000.00
State Tax	36,000.00
St. Louis Hospital.....	300.00
Parks and Playgrounds.....	1,000.00
Public Skating Rinks.....	1,200.00
Old City Building.....	600.00

Trucks, tools and machinery.....	24,250.00
Milan Road	35,000.00
<hr/>	
Total.....	\$685,100.00

In making the foregoing recommendations we have been guided by the probable needs of the different departments based upon the expenditures for 1924.

There is no doubt that the tax rate can be reduced for the year 1925 from \$3.20 to \$3.00 per \$1,000.00.

Respectfully submitted,

J. A. VAILLANCOURT,

JULIUS STAHL,

LEO A. PARENT,

Finance Committee.

Auditor's Report

922 Elm Street,
Manchester, New Hampshire,
February 7, 1925.

Honorable Mayor and City Council,
Berlin, New Hampshire.

Gentlemen:

In accordance with my engagement, I have made an audit of the books and accounts of the City of Berlin for the year ended January 31, 1925. In consequence of my examination, I wish to submit my report thereon together with the following exhibits showing the financial position of the municipality on January 31, 1925, the cash received and disbursed by the Treasurer during the year and the condition of the budget accounts at the end of the year:

Exhibit A Balance Sheet.

Exhibit B Statement of Cash Receipts and Disbursements.

Exhibit C Statement of Budget Accounts.

Cash—\$178,811.72

The cash received and disbursed by the Treasurer during the year was carefully checked. A summary of his receipts and disbursements appears in Exhibit B. Attention is called to the fact that the cash available to apply toward the building of the New Junior High School is now deposited in a separate account and to be used only for that purpose. This is in accordance with a vote of the City Council taken February 3, 1925.

The cash balance consisted of cash on deposit in the bank of \$143,137.88 and cash on hand and deposited in February of \$35,673.84. The cash on hand was verified by obtaining from the bank certificates of cash deposited since January 31, 1925, or by inspection of the checks themselves. The cash on deposit in the bank was verified by personally reconciling the bank statement of January 31, 1925. Below is a summary of this reconciliation:

Balance per Bank Statement January 31, 1925.....	\$152,627.51
Less, Outstanding Checks.....	9,489.63
Balance per Check Book.....	\$143,137.88

A copy of the above reconciliation together with a list of the outstanding checks has been furnished to the City Treasurer.

Taxes Receivable—\$56,455.45

The unpaid taxes for the years 1920 to 1924 inclusive were verified by adding and listing the open accounts in the tax ledgers. The balances were found to agree with those shown in the Treasurer's ledger. Following is a summary of the taxes as verified:

Taxes 1920

Open accounts in poll tax ledgers, as added and listed	\$	598.00
Open accounts in property tax ledgers, as added and listed		57.71

Balance due per ledger.....	\$	655.71
-----------------------------	----	--------

No change has been made in the above accounts during the year.

Taxes 1921

Balance due, January 31, 1924.....	\$	5,270.22
Deduct—Cash Collected		36.00

Balance due, January 31, 1925.....	\$	5,236.22
------------------------------------	----	----------

Verification

Open accounts in poll tax ledgers, as added and listed	\$	5,065.00
Open accounts in property tax ledgers, as added and listed		171.22
Balance due, as above.....	\$	5,236.22

Taxes 1922

Balance due, January 31, 1924.....	\$	7,796.84
Deduct—Cash Collected		591.18

Balance due, January 31, 1925.....	\$	7,205.66
------------------------------------	----	----------

Verification

Open accounts in poll tax ledgers, as added and listed	\$	7,013.00
Open accounts in property tax ledgers, as added and listed		192.66
Balance due, as above.....	\$	7,205.66

Taxes 1923

Balance due, January 31, 1924.....	\$	24,763.99
Deduct—Cash Collected	\$	13,623.45
Abatements		299.88

13,923.33

Balance due, January 31, 1925.....	\$	10,840.66
------------------------------------	----	-----------

Verification

Open accounts in poll tax ledgers, as added and listed	\$ 9,114.00
Open accounts in property tax ledgers, as added and listed	1,726.69
	<hr/>
Balance due, as above (error of 3c).....	\$ 10,840.69

Taxes 1924**Tax Warrant**

Poll	\$ 28,430.00
Property	669,119.72
	<hr/>
	\$697,549.72
Deduct—Cash Collected	\$663,149.01
Abatements	1,883.48
	<hr/>
	665,032.52

Balance due, January 31, 1925.....	\$ 32,517.20
------------------------------------	--------------

Verification

Open accounts in poll tax ledgers, as added and listed	\$ 10,585.00
Open accounts in property tax ledgers, as added and listed	21,932.20
	<hr/>
Balance due, as above.....	\$ 32,517.20

Tax Sales—\$2,542 56

In proving the amount due from tax sales it was found that many of the abatements on tax sales of prior years had been posted to the tax sales ledger but had never been credited to the tax sales account in the Treasurer's ledger.

This has now been done and the above balance represents an accurate list of the amount still due from tax sales. A copy of this list may be found on file with the City Clerk.

Wages Not Called For—\$1,049.41

This account, representing wages of employees not called for has been increased during the year by \$20.96.

Due to State of New Hampshire—\$10,994.00

This account represents the amount due to the State of New Hampshire for their share of the poll taxes collected in 1924.

Due to Appropriation for New Junior High School—\$70,375.59

This account represents the excess received from the old High School over the expenses incurred thus far. The cash represented by this appropriation is now deposited in a separate account.

Due Polling Place on East Side—\$101.59

During the year there has been expended on the East Side Polling Place \$61.92, reducing the balance due to this account to \$101.59.

Bonded Debt—\$746,300.00

Bonded Debt, January 31, 1924.....	\$731,300.00
Add—Bonds Issued in 1924 for Pub- lic Improvements	75,000.00
Total	\$806,300.00
Deduct—Bonds Paid During Year...	60,000.00

Bonded Debt, January 31, 1925..... \$746,300.00

This bonded debt of \$746,300.00 is represented as follows:

City of Berlin, 4% School and Fire Station Bonds....	\$ 5,000.00
Issued December 1, 1905; \$5,000.00 maturing annually to December 1, 1925.	
City of Berlin, 4½% School and Refunding Bonds...	10,000.00
Issued November 1, 1910; \$5,000.00 maturing annually to November 1, 1926.	
City of Berlin, 4½% City Hall Bonds.....	67,500.00
Issued July 1, 1913; \$7,500.00 maturing annually to July 1, 1933.	
City of Berlin, 4% Bridge and Refunding Bonds....	49,500.00
Issued April 1, 1915; \$4,500.00 maturing annually to April 1, 1935.	
City of Berlin, 4% School Bonds.....	24,000.00
Issued July 1, 1916; \$2,000.00 maturing annually to July 1, 1936.	
City of Berlin, 5% Public Improvement Bonds.....	103,300.00
Issued July 1, 1921; \$8,000.00 maturing annually to July 1, 1923, \$7,000.00 annually to July 1, 1931, \$6,000.00 annually to July 1, 1940, \$300.00 payable July 1, 1941.	
City of Berlin, 5% School Bonds.....	340,000.00
Issued November 1, 1921, \$20,000.00 maturing annually to November 1, 1941.	
City of Berlin, 4½% School Bonds.....	72,000.00
Issued August 1, 1922; \$4,000.00 maturing annually to August 1, 1942.	
City of Berlin, 4½% Public Improvement Bonds....	75,000.00

Issued July 1, 1924; \$5,000.00 maturing annually
to July 1, 1939.

City Clerk's Department

All of the financial records of the City Clerk were examined and verified in detail. The fees received from Automobile Registration Permits were verified by adding and listing the duplicate registration cards. The fees received from other sources were duly traced to his cash book. The Criminal Docket was checked against the court cash book. All cash received was found to be duly accounted for and paid to the City Treasurer.

City Treasurer's Department

The books kept by the City Treasurer were examined and verified. The cash reported as being paid to him was found to be properly entered on his cash book. Only such disbursements as had been authorized by the Mayor and City Council were made by him. Interest on the bank balance for the year was verified by comparison of the bank's notification of interest paid with the entries therefor made on the cash book. A detailed analysis of the cash received and disbursed by the City Treasurer during the year will be found in Exhibit B.

General Comments

The accounting work during the past year has been carried on in a most careful and conscientious manner. Very few minor errors were discovered during the work of the whole year. However, there are one or two items to which I wish to call attention. In examining the bills approved for payment, I observed that in many cases they had not been signed by the full Committee on Accounts and Claims. In one particular instance the bills were not signed by any member of this committee. Each and every bill must be signed by the entire committee.

It seems to be the practice of some departments to disregard signing the payroll. In the Public Works Department, the payrolls are not completely signed, while in the Fire and Police Departments the payrolls are not signed at all. I would recommend that in the future all payrolls be signed in full.

In conclusion, I wish to express my appreciation of the courtesy shown and the co-operation given me during my engagement.

Very truly yours,

H. B. HASKELL,

Public Accountant and Auditor.
